CERTIFICAZIONI DI PRODOTTO

PRODUCT CERTIFICATIONS

La sicurezza e la conformità dei sistemi doccia ALMAR sono garantite dai più importanti enti di certificazione mondiale. Ogni certificazione testimonia l’esclusività e l’unicità di ogni prodotto e la volontà di ALMAR di assicurare ai propri clienti i più alti standard qualitativi presenti sul mercato.

The security and compliance of ALMAR's shower systems are ensured by the most important world certification authorities. Every certification witnesses the exclusiveness and uniqueness of each product and ALMAR's will to ensure its customers the highest quality standards present on the market.

ALMAR è certificata secondo gli standard di qualità UNI ENI ISO 9001:2015 (sistema gestione qualità) e ISO 45001 (sicurezza sul posto di lavoro).

ALMAR is certified according to ISO 9001 (quality management system) and OHSAS 18001 (security on the working place) quality standards.

Per la comunicazione dell’ordine indicare, dopo il codice del prodotto, il punto seguito dalle due lettere corrispondenti alla finitura scelta.

esempio:
E044200.CR per finitura Cromo
E044200.HB per finitura PVD Brushed High Brass
E044200.HB316 per finitura 316 PVD Brushed High Brass *
*N.B.: nel caso di prodotto in Acciaio 316, nel codice dopo il punto e le 2 lettere indicare anche 316

When you place an order, indicate after the product code, “dot” followed by the 2 letters of the chosen finishing.

example:
E044200.CR Chrome finish
E044200.HB PVD Brushed High Brass finish
E044200.HB316 316 PVD Brushed High Brass finish *
*N.B.: for products in 316 Stainless Steel, in the product code after “dot” indicate also 316

Le finiture Almar sono ottenute combinando tecnologie evolute e processi di lavorazione artigianali ad elevato valore aggiunto.
* Le finiture PVD sono ottenute mediante un processo a bassissimo impatto ambientale; possibili differenze di tonalità e lavorazione sono una prerogativa del prodotto.
La finitura PVD SPAZZOLATO realizzata su Ottone o Acciaio 316 ha una lucentezza differente, ciò è dovuto alla diversità del materiale di base su cui la finitura viene realizzata.
Almar finishes are obtained by combining advanced technologies and artisanal manufacturing processes with high added value.
* PVD finishes are obtained thanks to a process with a very low environmental impact; eventual differences in shade and manufacture are a prerogative of the product.
The finish of BRUSHED PVD made on Brass or 316 Stainless Steel has a different brightness, this is due to the diversity of the material on which the finish is made.
