COMPANY

Scarabeo Ceramiche nasce nel cuore del distretto ceramico di Civita Castellana, rinnovando una tradizione millenaria. Ogni giorno trasformiamo la ceramica in oggetti destinati a durare nel tempo.

I nostri prodotti sono la sintesi di valori solidi: innovazione, inclusione, affidabilità, efficienza, sostenibilità, trasparenza, lavoro di squadra, eccellenza, tenuti insieme dall'orgoglio del Made in Italy come filo conduttore.

Valori che diventano metodo: controllo rigoroso della qualità e investimenti continui in tecnologia e processi sostenibili, per dare forma a prodotti robusti e affidabili.

Ma la durevolezza, per Scarabeo, non è solo una questione di materia, è soprattutto una questione di stile. Linee essenziali, proporzioni studiate, colori e finiture che superano le mode del momento danno vita a forme contemporanee pensate per restare nel tempo.

Scarabeo Ceramiche was born in the heart of the ceramic district of Civita Castellana, renewing a centuries-old tradition. Every day we transform ceramic into objects designed to last over time.

Our products embody a set of solid values: innovation, inclusion, reliability, efficiency, sustainability, transparency, teamwork and excellence, all held together by the pride of Made in Italy as a common thread.

These values become method: rigorous quality control and continuous investment in technology and sustainable processes give shape to products that are robust and dependable.

But durability, for Scarabeo, is not only a matter of material, it is above all a matter of style. Essential lines, balanced proportions, colours and finishes that go beyond passing trends give life to contemporary forms designed to stand the test of time.

UN NOME CHE RACCONTA UN'IDENTITÀ

Scegliere un nome non è mai un gesto casuale, rappresenta il primo atto di identità.

Nel 1974, nel cuore del distretto ceramico di Civita Castellana, nasce Scarabeo Ceramiche, un'azienda che fin dall'origine lega la propria essenza ad un simbolo millenario: lo scarabeo egizio, emblema di rinascita, trasformazione e perseveranza.

Nell'antico Egitto lo scarabeo rappresentava il dio Khepri, colui che spinge il sole verso l'alba, metafora del rinnovamento continuo. Allo stesso modo, ogni creazione Scarabeo nasce dalla terra e dal fuoco per trasformarsi in una forma nuova, duratura e luminosa. Il processo ceramico diventa così una metamorfosi materica, dove l'argilla si rigenera in design contemporaneo, fondendo arte e funzione.

Questa connessione tra simbolo e sostanza dà vita ad una filosofia che attraversa ogni fase produttiva: cura artigianale, attenzione ai dettagli, rispetto per l'ambiente e ricerca estetica. Come lo scarabeo rinnova la vita nella natura, Scarabeo Ceramiche rinnova la tradizione con tecnologie sostenibili e produzioni ad impatto zero, trasformando ogni prodotto in un segno concreto di rigenerazione.

Oggi il nome Scarabeo è molto più di un marchio: è una narrazione identitaria che unisce storia e innovazione, mito e design. Ogni sanitario, lavabo, elemento d'arredo, porta con sé questa eredità simbolica: la forza della rinascita, la bellezza della trasformazione e la durata nel tempo di un'opera che nasce dalla terra per illuminare lo spazio quotidiano.

Choosing a name is never a random act; it represents the first act of identity.

In 1974, in the heart of the ceramic district of Civita Castellana, Scarabeo Ceramiche was born, a company that from its very origins has linked its essence to a millennia-old symbol: the Egyptian scarab, an emblem of rebirth, transformation, and perseverance.

In ancient Egypt, the scarab represented the god Khepri, the one who pushes the sun toward the dawn, a metaphor for continuous renewal. In the same way, every Scarabeo creation is born from earth and fire to transform into a new, durable, and luminous form. The ceramic process thus becomes a material metamorphosis, where clay is regenerated into contemporary design, fusing art and function.

This connection between symbol and substance gives life to a philosophy that permeates every phase of production: artisanal care, attention to detail, respect for the environment, and aesthetic research. Just as the scarab renews life in nature, Scarabeo Ceramiche renews tradition with sustainable technologies and zero-impact production, transforming every product into a tangible sign of regeneration.

Today, the name Scarabeo is much more than a brand: it is an identity narrative that unites history and innovation, myth and design. Every wc, washbasin, furnishing element, carries with it this symbolic legacy: the strength of rebirth, the beauty of transformation, and the enduring quality of a work born from the earth to illuminate everyday spaces.

Trasformiamo ogni idea in una forma, con una produzione interamente Made in Italy.

Uniamo tradizione ed innovazione, valorizzando l'ambiente bagno, curando estetica e funzionalità.

Realizziamo sanitari e mobili da bagno che assicurano il benessere di clienti e partner in tutto il mondo.

We proudly represent the excellence of Italian ceramics.

We transform every idea into form, with production entirely Made in Italy.

We combine tradition and innovation, enhancing the bathroom environment while focusing on aesthetics and functionality.

We create sanitaryware and bathroom furniture that ensure the well-being of customers and partners worldwide.

3000 ANNI DI CULTURA CERAMICA

Attingiamo ad un sapere che affonda le sue radici in epoca preromana, arricchito dalle innovazioni tecnologiche più avanzate.

Una fusione unica, che dà vita a prodotti di qualità superiore, inimitabili per affidabilità e durabilità.

Scarabeo Ceramiche è sinonimo di qualità ed innovazione nel settore dei sanitari e dell'arredo bagno.

We draw on knowledge that has its roots in pre-Roman times, enriched by the most advanced technological innovations.

A unique fusion that gives life to superior-quality products, unmatched for reliability and durability.

Scarabeo Ceramiche is synonymous with quality and innovation in the sanitaryware and bathroom furniture sector.

ARCHITETTURA E STILE IN BAGNO

Ridefiniamo costantemente il carattere e lo stile di ogni bagno. Siamo partner dei migliori architetti, interior designer e distributori in tutto il mondo.

We constantly redefine the character and style of every bathroom. We are partners of the finest architects, interior designers, and distributors worldwide.

MISSIONE

Crediamo nelle regole, lavoriamo per superarle. Realizziamo prodotti di design, anticipiamo le tendenze, manteniamo l'equilibrio tra tradizione ed innovazione.

We believe in rules, we work to go beyond them. We create design products, anticipate trends, and maintain the balance between tradition and innovation.

INNOVAZIONE

L'adozione di tecnologie avanzate di colaggio ad alta pressione consente di modellare la ceramica con precisione millimetrica, garantendo risultati di altissima qualità.

Utilizzando stampi in resina al posto di quelli in gesso si elimina la problematica dello smaltimento in discarica.

La facilità di cambio degli stampi garantisce massima flessibilità produttiva, mentre la versatilità della tecnica permette la realizzazione di forme innovative che coniugano estetica e funzionalità.

Garantiamo prodotti di qualità di grado A ed offriamo una garanzia di 5 anni su tutta la produzione.

The adoption of advanced high-pressure casting technologies allows ceramic to be shaped with millimetric precision, ensuring results of the highest quality.

By using resin tooling molds instead of plaster ones, the issue of landfill disposal is eliminated. The ease of mold replacement ensures maximum production flexibility, while the versatility of the technique allows for the creation of innovative shapes that combine aesthetics and functionality. We guarantee grade A quality products and offer a 5-year warranty on all our production.

LA MAGIA DEI COLORI SCARABEO

Alla ceramica bianca, nobile, classica e senza tempo, Scarabeo affianca un'ampia scelta di soluzioni colorate per arredare la sala da bagno con carattere e personalità, in sintonia con le tendenze e le linee guida del design contemporaneo. La scelta dei colori può influire significativamente nel contesto abitativo, regalando sfumature e contrasti inediti capaci di trasformare l'ambiente in un luogo carico di fascino e originalità. Alle già esistenti tonalità disponibili nelle versioni lucide e opache, Scarabeo propone nuovi colori che vanno ad arricchire le possibilità di scelta.

L'azzurro Air, il giallo Lime e l'arancio Peach integrano l'offerta regalando al pubblico nuove nuances, lucide e opache, per creare un ambiente bagno non solo funzionale ma anche personalizzato esteticamente.

A queste tre nuove sfumature si aggiunge il rosso Cherry, solo nella versione glossy, per un tocco di colore inedito e audace.

Alongside with the noble, classic timeless white ceramics, Scarabeo offers a wide range of colourful solutions to decorate your bathroom with character and personality, in tune with contemporary design trends and guidelines. The choice of colours may significantly influence the living context, creating unusual shades and contrasts capable of converting the space into a place full of charm and originality. Scarabeo is adding new colours to the existing ones available in the glossy and matt versions, extending the choice even further.

Air Blue, Lime Yellow and Peach Orange are being added to the colour range, offering new glossy and matt shades, for a bathroom that is not only functional, but also visually customised. Cherry Red is also being added together with these three new shades, but only in the glossy version, for an original and bold touch of colour.

DecorArt

Scarabeo introduce una nuova modalità nell'interpretare la ceramica, attraverso il percorso DecorArt.

Un'esplorazione sperimentale che sfrutta le valenze tecnologiche dei nuovi standard digitali, DecorArt approda a risultati di livello stupefacente proponendo tre nuove finiture ispirate alla bellezza del marmo. Marmo nero, bianco e travertino, con le loro classiche e raffinate sfumature, sono i nuovi decori che trasformano la ceramica in un materiale ad alto valore estetico, difficilmente distinguibile a livello visivo dalla pietra originale. Sono quattro le collezioni di Scarabeo interessate dai nuovi pattern DecorArt: Teorema 2.0, caratterizzata da un design essenziale e bordi sottili; l'ampia famiglia dei lavabi Glam con le loro linee gentili ed eleganti; tutta la serie Moon, che si distingue per l'ampiezza del bacino e la leggerezza dei bordi e la collezione di arredobagno Scarabeo Laila che, oltre ad essere nata per accogliere i lavabi Moon, si dota anche della variante delle mensole decorate con finitura marmo per un impatto visivo di assoluta classe.

Scarabeo introduces a new way of interpreting ceramics through the DecorArt journey. An experimental exploration that leverages the technological potential of the latest digital standards, DecorArt achieves strikingly high-end results by offering three new finishes inspired by the beauty of marble. Black, white, and travertine marble—with their classic, refined nuances—are the new decors that transform ceramics into a material of high aesthetic value, visually difficult to distinguish from the original stone.

Four Scarabeo collections feature the new DecorArt patterns: Teorema 2.0, defined by an essential design and slim edges; the extensive Glam basin family, with its gentle, elegant lines; the entire Moon series, distinguished by the generous basin size and the lightness of its rims; and the Scarabeo Laila bathroom furniture collection which, in addition to being created to pair with Moon basins, also includes a version with decorated shelves in a marble finish for a truly classy visual impact.

Legni / Woods

Alle finiture Standard (Rovere moro, Rovere Lindberg, Tortora, Arena, Pearl e Ardesia), si aggiungono le finiture Premium tra le quali è possibile scegliere tra Noce Canaletto e Rovere Chiaro, nelle versioni lisce o cannettate. Le stesse sono disponibili anche nella versione bicolor insieme al bianco. Il legno è inoltre proposto nella finitura laccata matt nei colori Pearl, Ardesia, Sand, Tabacco, Antique Pink, Musk, Ocean, Air, Lime e Peach, gli stessi colori della ceramica, per offrire la possibilità di creare combinazioni materiche colorate perfettamente abbinate tra loro.

In addition to the Standard finishes (Dark Oak, Lindberg Oak, Dove Grey, Sand, Pearl and Slate), Premium finishes are also available, including a choice between Canaletto Walnut and Light Oak, in both smooth and fluted versions. These are also offered in a bicolor version combined with white.

The wood is further available in a matte lacquered finish in the colors Pearl, Slate, Sand, Tobacco, Antique Pink, Musk, Ocean, Air, Lime and Peach the same colors used for the ceramic allowing the creation of perfectly coordinated, colorful material combinations.

Twist: l'evoluzione dello scarico a risparmio idrico.

Twist è l'innovativo sistema di scarico di tipo "tornado" brevettato da Scarabeo, progettato per rivoluzionare l'igiene, il risparmio idrico e la silenziosità nel bagno. Grazie allo scarico di tipo "tornado" la tecnologia a vortice garantisce un livello di igiene superiore. Il cuore di Twist risiede nella sua tecnologia a Vortice (Vortex): il design interno del vaso genera un potente flusso d'acqua circolare orizzontale ad alta velocità. Questa azione di risciacquo a vortice assicura la pulizia totale dell'intera superficie interna, garantendo la massima igiene. Come sistema rimless (o senza brida) il vaso elimina il tradizionale bordo contenitivo, prevenendo l'accumulo di sporco e batteri e semplificando drasticamente le operazioni di pulizia.

Il design sofisticato del vaso è ottimizzato per un risparmio idrico ancor più performante rispetto ai sistemi di scarico tradizionali. Il flusso direzionato sfrutta la potenza del Vortex con la minima quantità d'acqua necessaria, mentre il bordo contenitivo è studiato per ridurre al minimo qualsiasi fuoriuscita d'acqua durante lo scarico, ottimizzando l'efficienza. Twist non è solo igiene e risparmio. Il nuovo sistema è progettato per limitare al massimo il rumore, garantendo un alto livello di silenziosità che contribuisce al benessere nell'ambiente bagno. Attualmente implementato nei vasi della collezione Glam e in estensione su Teorema 2.0 e sulla nuova collezione di sanitari Skinny, Twist si integra perfettamente con le linee pulite ed eleganti del design Scarabeo.

Twist è rotazione, igiene, silenziosità.

Twist is Scarabeo's innovative, patented "tornado" flushing system, designed to revolutionize hygiene, water saving and quietness in the bathroom. Thanks to the "tornado" flush, vortex technology delivers a superior level of hygiene.

The core of Twist lies in its Vortex technology: the internal design of the bowl generates a powerful, high-speed horizontal circular flow of water. This vortex rinsing action ensures total cleaning of the entire inner surface, guaranteeing maximum hygiene. As a rimless system, the bowl eliminates the traditional rim, preventing the build-up of dirt and bacteria and drastically simplifying cleaning operations.

The sophisticated bowl design is optimized to achieve even greater water savings than traditional flushing systems. The directed flow harnesses the power of the Vortex using the minimum amount of water required, while the rimless architecture is engineered to minimize any water splashing during flushing, further improving efficiency. Twist is not only about hygiene and saving water: the system is also designed to reduce noise to the greatest extent possible, ensuring a high level of quietness that contributes to well-being in the bathroom environment.

Currently implemented in the bowls of the Glam collection and being extended to Teorema 2.0 and the new Skinny sanitaryware collection, Twist integrates seamlessly with Scarabeo's clean, elegant design lines.

Twist is rotation, hygiene, quietness.

BioKer

La continua ricerca di soluzioni ecosostenibili ed il supporto di laboratori esterni ha permesso a Scarabeo Ceramiche di mettere a punto un processo a caldo, che consente di rendere battericida al 99,9% la superficie ceramica trattata. Le superfici trattate con Scarabeo BioKer riducono drasticamente la tensione superficiale dell'acqua, che invece di rotolare via dalla superficie, in gocce separate, scorre via come una pellicola ultra-sottile, rimuovendo al contempo le particelle di sporco e rendendo meno facile il deposito del calcare. Questa proprietà "Easy-to-clean" consente un basso utilizzo di prodotti per la pulizia ed un minore consumo di acqua, ottenendo così un più basso impatto ambientale. Conforme alle normative di sicurezza BioKer è stato testato e certificato secondo le norme ISO22196 ed il nuovo metodo di test antibatterico ASTM E3031-15 specifico per le superfici ceramiche.

The constant research into eco-sustainable solutions, with the support of external laboratories, has enabled Scarabeo Ceramiche to develop a thermal process that makes the treated ceramic surface 99.9% bactericidal. Surfaces treated with Scarabeo BioKer drastically reduce the surface tension of water. Instead of beading up and rolling away, the water spreads out into an ultra-thin film, removing dirt particles and making limescale deposits less likely to form. This "Easyto- clean" property allows for low use of cleaning products and reduced water consumption, resulting in a lower environmental impact. The process is compliant with safety regulations and has been tested and certified according to ISO 22196 and the new ASTM E3031-15 antibacterial testing method specific for ceramic surfaces.

BioPure

Scarabeo Biopure è il rivestimento esclusivo applicato su tutta la produzione del brand, sviluppato attraverso una ricerca interna avanzata e un processo di cottura superiore alle 24 ore che consente una vetrificazione più compatta della ceramica. Questa tecnologia riduce in modo significativo la porosità superficiale, migliorando in modo sensibile qualità, resistenza e prestazioni del materiale. La superficie risultante offre una elevata resistenza all'usura e all'abrasione, limitando l'adesione e la proliferazione batterica e garantendo standard igienici superiori. Le sue proprietà idrorepellenti favoriscono lo scorrimento dell'acqua e semplificano la pulizia quotidiana, permettendo di ridurre l'uso di detersivi e acqua e contribuendo a un impatto ambientale più contenuto.

Scarabeo Biopure is the exclusive coating applied to the entire brand's production, developed through advanced internal research and a firing process exceeding 24 hours, which allows for a more compact vitrification of the ceramic. This technology significantly reduces surface porosity, noticeably improving quality, durability, and performance of the material. The resulting surface offers high resistance to wear and abrasion, limiting bacterial adhesion and proliferation, and ensuring superior hygienic standards. Its water-repellent properties facilitate water flow and simplify daily cleaning, reducing use of detergents and water and contributing to a lower environmental impact.

Certifications

Tutti i prodotti Scarabeo rispettano le normative vigenti in tema di sicurezza e comfort, garantendo resistenza all'uso quotidiano e prestazioni costanti nel tempo. La nostra ceramica nasce da un saper fare artigianale che integra tecnologie evolute, per un design durevole nella materia e nello stile.

Il marchio CE certifica che ogni articolo è realizzato con materiali testati e processi produttivi controllati, conformi alle direttive comunitarie sulla sicurezza. Le prove rigorose a cui i prodotti sono sottoposti assicurano al cliente finale una scelta affidabile, pensata per durare nel tempo.

All Scarabeo products comply with current regulations on safety and comfort, ensuring resistance to everyday use and consistently high performance over time. Our ceramic is the result of artisanal know-how combined with advanced technologies, for a design that is durable both in substance and in style.

The CE mark certifies that each item is made with tested materials and controlled production processes, in full compliance with European safety directives. The rigorous tests our products undergo guarantee the end customer a reliable choice, designed to stand the test of time.

I seguenti sono gli standard (norme) di riferimento relativi alla marcatura CE:

- UNI EN 14688 per lavabi
- UNI EN 997 per WC
- UNI EN 14528 per bidet

Scarabeo ha studiato un sistema che garantisce lo scarico dei suoi WC sospesi, terra e monoblocco con 4,5 litri d'acqua e meno.

The following are the reference standards relative to the CE marking:

- UNI EN 14688 for washbasins
- UNI EN 997 for WCs
- UNI EN 14528 for bidets

Scarabeo studied a new system granting the drainage for its wall hung, floor-standing and monoblock WC with 4.5 litres and even less.

Les normes fonctionnelles de référence pour le marquage CE sont:

- UNI EN 14688 pour les lavabos
- UNI EN 997 pour les WC
- UNI EN 14528 pour les bidets

Scarabeo a étudié un nouveau système qui assure la chasse de ses cuvettes suspendues, à poser ou monobloc avec 4.5 litres d'eau et moins.

Die Bezugsnormen für das CE-Zeichen sind:

- UNI EN 14688 für Waschtische
- UNI EN 997 für WC
- UNI EN 14528 für Bidet

Scarabeo hat für seine Hänge-, Stand- und Kombinations-WCs ein System entwickelt, das nur 4,5 Liter Wasser pro Spülung verbraucht und weniger.

Las normas funcionales de referencia para la marca CE son:

- UNI EN 14688 para lavabos
- UNI EN 997 para inodoros
- UNI EN 14528 para bidé

Scarabeo ha estudiado un sistema que garantiza el desagüe de sus inodoros suspendidos, tierra y mono bloque con 4,5 litros de agua y menos.

Справочные рабочие нормативы для маркировки CE:

- UNI EN 14688 для моек
- UNI EN 997 для унитазов
- UNI EN 14528 для биде

Scarabeo разработала систему, обеспечивающую слив ваших подвесных, напольных и моноблочных унитазов емкостью 4,5 литров воды и меньше.

DESIGNER

Giovanni Calisti

Giovanni Calisti dedicates himself to art studies and in 1996 gets the qualification of “Maestro d’Arte della Ceramica” (Master of Ceramic Arts). His big passion flew into very appreciated painting and sculpture. He diversifies his activities from creation of artworks to modelling wash basins for a long-established factory in Civita Castellana named ICA. In 1974 he creates SCARABEO, a factory producing exclusively bathroom accessories that makes a name for itself in the European market in few years. In the middle of the nineties he designs different ranges of basins effortlessly. To this day, these ranges are some of the most appreciated of SCARABEO. Always searching for new stimulus, he charts new courses thanks to his clear strategy based on design.

Giovanna Talocci

Interior architect and designer since the 1970s. A natural curiosity for innovation, material research and technology, profound observation of the surrounding reality enabled her to design for prestigious companies, in completely unrelated fields. The same traits are now the pivotal elements in the work of the Talocci Design studio, which specialises in: product design, exhibition design, interior design, event organisation, integrated communication, art direction. Giovanna Talocci has received numerous acknowledgments, among them three ADI Design Index selections, four referrals at the Compasso D’Oro award and four Design Plus prizes. Alongside her design activities, she also works as cultural events curator and consultant for various trade exhibitions, anchor woman and guest of television programmes on design, and lecturer at universities and design schools. She has been a member of ADI (Industrial Design Association) since 1979 and of the ADI National Steering Committee since 2004. In addition, she was a member of the first Italian Council for Design.

Massimiliano Braconi

Designer, painter and sculptor, he diversified his activities to include the creation of artistic works, setting up of temporary architectural works and installations, and interior furnishing and design. In 2002, he opened his studio – situated in the Viterbo area – and quite naturally made his way into the sanitary ceramics production industry. He designs various collections for companies of the sector and collaborates with Scarabeo on a stable basis.

Emo Design

Lukasz Bertoli _ Graduated in Industrial Design at Politecnico di Milano, Lukasz soon began collaborating with Polidesign and TD studio to develop products for many famous Italian companies such as Chicco and Gardesa. From 2004 to 2008 he was a senior industrial designer at GP designpartners in Vienna where his responsibilities included designing products for brands like Philips, Siemens, Citroen, Doppelmayr, Vienna Acoustics, Tchibo, NXP, Boesendorfer, HEI, Conlastic. Carlo Ciciliot _ Born in 1982 Carlo graduated in International Relationships at Università degli Studi di Bologna with a Master’s in Organization and Economic Development (MOSE) at Profingest Management School. After an important experience at the marketing office of a well established group in the construction sector, he became account manager at Emo design consultancy in 2009.

**Massimiliano
Abati**

Civita Castellana – Month of the Swallows – 1975. He studied art and trained at the Faculty of Architecture at La Sapienza University of Rome. From a very young age, he was drawn to visual imagery, quickly developing clear methodologies for project analysis. In 1997, he joined Paolo Portoghesi's studio as a student-collaborator, working on numerous projects, exploring and developing new stylistic codes, and learning how to give depth to design ideas. From 2002, he began working as a freelancer, taking his first steps in fashion and entertainment agencies. Around the same time, he also approached design, coming into contact with leading furniture and bathroom furnishing companies. He started with GSG Ceramic Design, creating several bath concepts with a strong emotional impact. In 2010, he designed the Albergo shower system for Flaminia, a suggestive and visionary project. He is currently artistic director for several companies, including Scarabeo Ceramiche, where he focuses on communication, design, and interiors.

**Studio
Adolini**

Studio Adolini is an architectural and graphic design firm founded in 1984. It operates in various areas and its past projects include single family homes, residential, commercial and industrial complexes, sports buildings and places of worship. It has worked on numerous restorations of monuments and renovations of industrial and residential complexes. It also provides interior design services, trade fair exhibition stands, museum décor, residential furnishings and business show rooms. It has received various awards and acknowledgements. The partners of the firm are Romano Adolini and Niccolò Adolini.

**Chiara
Valeri**

Born in Rome on 21st March 1969, she completed her artistic studies by earning the title of "Master Ceramics Artist" in 1988, after which she began to dedicate herself to artistic ceramics. Subsequently, in 1990, she earned a Diploma in Applied Arts from the "Ulderico Midossi" State Institute of Art in Civita Castellana. In 1990 she graduated from the Rome Fine Arts Academy with a degree in Theatre and Cinema Scenic Design with full marks. She initially embarked on a career in theatre scenic design and subsequently continued her studies in furnishing and design issues. She has created interior design projects for both private customers and retail businesses, while simultaneously collaborating with companies operating in the bathroom furnishing and crockery sectors for outfitting trade fair stands. Since 1997 she has been predominantly focusing on the industrial design sector by collaborating with companies operating in the Civita Castellana industrial scenario.

SCARABEO AWARDS

Per Scarabeo progettare significa andare oltre i confini della ceramica per immaginare nuovi scenari dell'abitare contemporaneo. Ogni prodotto nasce dall'incontro tra ricerca formale, competenza tecnica e una costante attenzione alla sostenibilità dei materiali e dei processi. I numerosi premi ricevuti non celebrano soltanto l'estetica, ma riconoscono la "soluzione intelligente": un equilibrio evoluto tra innovazione tecnologica, durabilità, uso efficiente delle risorse e qualità d'uso nel tempo.

Dalla rigorosa selezione tecnica del Design Plus di Francoforte, che premia prodotti capaci di coniugare funzione, tecnologia e design, fino all'approccio olistico degli Iconic Awards, dove i nostri articoli sono considerati veri elementi di architettura d'interni, il nostro palmarès racconta una storia di crescita costante e di visione a lungo termine.

Che si tratti di icone ormai consolidate come Bucket e Mizu, o delle collezioni più recenti come Sesto, Laila e le nuove proposte per la zona doccia e vasca, ogni riconoscimento conferma l'impegno di Scarabeo nel progettare soluzioni contemporanee, durevoli e responsabili. Il sigillo dei premi internazionali diventa così una garanzia per progettisti, rivenditori e utenti finali: scegliere Scarabeo significa scegliere prodotti tecnicamente all'avanguardia, pensati per le sfide dell'abitare sostenibile di oggi e di domani.

For Scarabeo, design means going beyond the boundaries of ceramic to imagine new scenarios for contemporary living. Every product stems from the encounter between formal research, technical expertise and a constant focus on the sustainability of materials and processes. The numerous awards we have received do not simply celebrate aesthetics, but acknowledge the "smart solution": an advanced balance of technological innovation, durability, efficient use of resources and long-term performance.

From the rigorous technical selection of the Design Plus award in Frankfurt, which honours products able to combine function, technology and design, to the holistic approach of the Iconic Awards, where our pieces are regarded as true interior architecture elements, our track record tells a story of steady evolution and long-term vision.

Whether we are talking about established icons such as Bucket and Mizu, or newer collections like Sesto, Laila and the latest proposals for shower and bathtub areas, each recognition confirms Scarabeo's commitment to designing contemporary, durable and responsible solutions. The seal of international awards thus becomes a real guarantee for designers, retailers and end users: choosing Scarabeo means choosing state-of-the-art products, conceived for the challenges of sustainable living today and in the future.

SCARABEO FIDIA®

DESIGN: SCARABEO CERAMICHE

SCARABEO FIDIA è la nuova collezione di lavabi d'appoggio Scarabeo che interpreta la ceramica come un volume puro, morbido e contemporaneo. Forme rotonde, ovali e rettangolari dagli angoli dolcemente smussati danno vita a bacini profondi e accoglienti, con bordi sottili che esaltano la leggerezza del design senza rinunciare alla robustezza della materia.

Nata da un saper fare artigianale che dialoga con tecnologie evolute, SCARABEO FIDIA è pensata per integrarsi con naturalezza su piani in legno o ceramica, diventando il fulcro visivo dell'ambiente bagno. La collezione è disponibile nelle finiture ceramiche della palette Scarabeo, lucide e opache, per creare composizioni coordinate o giochi di contrasto materico e cromatico. Essenziale, elegante e trasversale negli abbinamenti, SCARABEO FIDIA è la risposta a chi cerca un lavabo dal design raffinato, durevole nel tempo e capace di interpretare stili diversi, dal minimalista al più decorativo.

SCARABEO FIDIA is Scarabeo's new collection of countertop washbasins, interpreting ceramic as a pure, soft, contemporary volume. Round, oval and rectangular shapes with gently rounded corners create deep, welcoming bowls with slim edges that enhance the lightness of the design while preserving the strength of the material.

Born from artisanal know-how combined with advanced technology, SCARABEO FIDIA is designed to sit naturally on wooden, or ceramics tops, becoming the visual focal point of the bathroom. The collection comes in the glossy and matt finishes of the Scarabeo ceramic palette, allowing coordinated compositions or refined contrasts of colour and texture. Essential, elegant and highly versatile, SCARABEO FIDIA is the answer for those seeking a refined, long-lasting washbasin that can adapt to different styles, from minimal to more decorative interiors.

SCARABEO YUGO® - The art of fusion

DESIGN: SCARABEO CERAMICHE

Dall'incontro tra il rigore del quadrato e la purezza del cerchio nasce SCARABEO YUGO, una collezione di lavabi in ceramica che celebra l'armonia delle forme e la bellezza dell'equilibrio.

Alla base, la solidità del quadrato, simbolo di stabilità e radicamento. Verso l'alto, la forma si trasforma, si ammorbidisce, si apre al cerchio, emblema di continuità e perfezione. Tra queste due geometrie si compie una fusione fluida, un passaggio naturale che racconta il dialogo tra opposti: la forza e la leggerezza, la materia e lo spazio, la precisione e la poesia.

Il nome SCARABEO YUGO, che in giapponese significa fusione, racchiude l'essenza di questo equilibrio. Non solo un richiamo linguistico, ma un omaggio allo spirito del Giappone, dove la semplicità diventa arte e la forma si fa meditazione.

Le linee di SCARABEO YUGO sono essenziali, pure, libere da ogni superfluo. La loro sobrietà è pensata per accogliere la luce e accompagnarla, trasformando il lavabo in un elemento di quiete visiva, capace di fondersi con l'ambiente e di esprimere una calma profonda.

Con SCARABEO YUGO, la geometria si fa emozione: un equilibrio perfetto tra razionalità e grazia, dove ogni curva e ogni spigolo trovano il loro spazio, come in un gesto di armonia senza tempo.

From the encounter between the rigor of the square and the purity of the circle comes SCARABEO YUGO, a collection of ceramic sinks that celebrates the harmony of forms and the beauty of balance.

At the base, the solidity of the square, a symbol of stability and rootedness. As it rises, the shape transforms, softens, and opens to the circle, an emblem of continuity and perfection. Between these two geometries, a fluid fusion takes place, a natural transition that expresses the dialogue between opposites: strength and lightness, matter and space, precision and poetry.

The name SCARABEO YUGO, which in Japanese means fusion, captures the essence of this balance. Not just a linguistic reference, but a tribute to the spirit of Japan, where simplicity becomes art and form becomes meditation.

The lines of SCARABEO YUGO are essential, pure, free from all superfluity. Their understated elegance is designed to catch the light, transforming the sink into an element of visual tranquility, capable of blending with the environment and expressing profound calm.

With SCARABEO YUGO, geometry becomes emotion: a perfect balance between rationality and grace, where every curve and every edge finds its place, as in a gesture of timeless harmony.

SKINNY

DESIGN: STUDIO ADOLINI

SKINNY è la nuova collezione di sanitari e lavabi disegnata dallo Studio Adolini per Scarabeo Ceramiche. Caratterizzata da una simmetria esterna dove le forme, rigorose e geometriche, creano una presenza elegante nella sala da bagno, la collezione SKINNY affascina per il movimento sinuoso e organico dettato dall'interno del lavabo che si identifica con l'armonia della natura.

La forma di SKINNY si ispira al processo naturale di levigazione della roccia: un cuore organico dove le curve fluide e morbide raccontano la storia di un'evoluzione paziente e sapiente.

I sanitari della serie SKINNY implementano lo scarico di tipo "tornado" TWIST®, innovativo sistema di scarico brevettato da Scarabeo e progettato per rivoluzionare l'igiene, il risparmio idrico e la silenziosità nel bagno. Il cuore di TWIST® risiede nella sua tecnologia a Vortice (Vortex): il design interno del vaso genera un potente flusso d'acqua circolare orizzontale ad alta velocità. Questa azione di risciacquo a vortice assicura la pulizia totale dell'intera superficie interna, garantendo la massima igiene. Come sistema rimless (o senza brida) il vaso elimina il tradizionale bordo contenitivo, prevenendo l'accumulo di sporco e batteri e semplificando drasticamente le operazioni di pulizia.

SKINNY is the new collection of sanitaryware and washbasins designed by Studio Adolini for Scarabeo Ceramiche. Characterized by an outer symmetry where rigorous, geometric shapes create an elegant presence in the bathroom the SKINNY collection captivates with the sinuous, organic movement shaped from within the basin, echoing the harmony of nature.

SKINNY's form is inspired by the natural process of rock smoothing: an organic core where soft, flowing curves tell the story of a patient, masterful evolution.

The SKINNY sanitaryware range features the TWIST® "tornado" flush, Scarabeo's innovative patented flushing system designed to revolutionize hygiene, water saving and quietness in the bathroom. The core of TWIST® lies in its Vortex technology: the internal design of the bowl generates a powerful, high-speed horizontal circular flow of water. This vortex rinsing action ensures total cleaning of the entire inner surface, guaranteeing maximum hygiene. As a rimless system, the bowl eliminates the traditional rim, preventing the build-up of dirt and bacteria and drastically simplifying cleaning operations.

GLAM

DESIGN: EMO DESIGN

Da mini a maxi in una sola collezione. Questo è il mood che ha ispirato EMO Design nella progettazione di questa nuova serie di lavabi. Dalle linee gentili e raffinate, i lavabi Glam nascono dalla volontà di mostrare il knowhow di Scarabeo Ceramiche attraverso la creazione di prodotti in ceramica dai bordi sottilissimi ma con una forte resistenza. Il design pulito e allineato alle tendenze contemporanee del mercato, rende la collezione trasversale ed adattabile a diverse situazioni sia in ambito abitativo che per la comunità o il contract.

I sanitari della serie GLAM implementano lo scarico di tipo "tornado" TWIST®, innovativo sistema di scarico brevettato da Scarabeo e progettato per rivoluzionare l'igiene, il risparmio idrico e la silenziosità nel bagno. Il cuore di TWIST® risiede nella sua tecnologia a Vortice (Vortex): il design interno del vaso genera un potente flusso d'acqua circolare orizzontale ad alta velocità. Questa azione di risciacquo a vortice assicura la pulizia totale dell'intera superficie interna, garantendo la massima igiene. Come sistema rimless (o senza brida) il vaso elimina il tradizionale bordo contenitivo, prevenendo l'accumulo di sporco e batteri e semplificando drasticamente le operazioni di pulizia.

From mini to maxi within a single collection. This is the mood that inspired EMO Design when creating this new basin range. With gentle, refined lines, Glam washbasins were born from the desire to showcase Scarabeo Ceramiche's know-how through the creation of ceramic products featuring ultra-thin edges combined with outstanding strength. Clean design, aligned with contemporary market trends, makes the collection versatile and adaptable to a wide variety of settings—both residential and in public, community or contract environments.

The GLAM sanitaryware range features the TWIST® "tornado" flush, Scarabeo's innovative patented flushing system designed to revolutionize hygiene, water saving and quietness in the bathroom. The core of TWIST® lies in its Vortex technology: the internal design of the bowl generates a powerful, high-speed horizontal circular flow of water. This vortex rinsing action ensures total cleaning of the entire inner surface, guaranteeing maximum hygiene. As a rimless system, the bowl eliminates the traditional rim, preventing the build-up of dirt and bacteria and drastically simplifying cleaning operations.

TEOREMA 2.0 Ultraslim

DESIGN: GIOVANNI CALISTI

TEOREMA 2.0 Ultraslim è il lavabo con un'anima sottile ma dalle dimensioni generose. Un inconsueto e piacevole contrasto tra l'ampiezza del bacino e la leggerezza dei suoi bordi che misurano soltanto pochi millimetri. Un design elegante ed essenziale che coniuga bellezza e praticità. Adatto ad ogni tipologia di abitazione, TEOREMA 2.0 Ultraslim racchiude in sé quelle caratteristiche funzionali dettate dalle proprie dimensioni che lo rendono un oggetto dalla massima fruibilità anche nelle case dotate di un solo bagno.

TEOREMA 2.0 Ultraslim is a washbasin with a slender soul and generous dimensions: a refined balance between the ample bowl and the lightness of the rim, just a few millimetres thick. An elegant, essential design that combines contemporary aesthetics with everyday comfort. Suitable for any type of home, TEOREMA 2.0 Ultraslim offers carefully studied proportions to ensure maximum usability, making it the ideal solution even in houses with only one bathroom.

TEOREMA 2.0 Plus

DESIGN: GIOVANNI CALISTI

Caratterizzata da rigore, eleganza e semplicità, e capace di mantenere nel tempo la propria essenza di design, TEOREMA ha vissuto la sua prima evoluzione con la versione 2.0 Ultraslim, che ha portato a un sostanziale alleggerimento dei bordi, oggi ridotti a soli 6 mm. Oggi TEOREMA 2.0 si presenta anche nella versione PLUS, con dimensioni più generose ed un'altezza del lavabo ridotta: sei nuove proposte dall'aspetto più slim, ma con maggiore aggetto dalla parete per facilitare l'avvicinamento e l'utilizzo. I nuovi lavabi TEOREMA 2.0 PLUS misurano 53 cm di profondità per 12 cm di altezza. Grazie a queste proporzioni e allo scarico spostato verso il lato muro, la collezione diventa "senza barriere", consentendo la certificazione anche nell'ambito dei prodotti idonei all'utilizzo da parte di persone con disabilità.

Defined by rigor, elegance and simplicity, and able to preserve its design essence over time, TEOREMA has undergone its first evolution with the 2.0 Ultraslim version, which has led to a substantial lightening of the rim, now reduced to just 6 mm. Today TEOREMA 2.0 is also available in the PLUS version, with more generous dimensions and a reduced basin height: six new washbasins with a slimmer look and a greater projection from the wall, to make approach and use easier.

The new TEOREMA 2.0 PLUS washbasins measure 53 cm in depth and 12 cm in height. Thanks to these proportions and to the waste outlet shifted towards the wall side, the collection becomes "barrier-free", allowing certification as a range of products suitable for use by people with disabilities.

MOON

DESIGN: MASSIMILIANO BRACONI

Dal mistero dell'Isola di Pasqua nasce la linea di lavabi MOAI. Simili a monoliti di pietra levigati dal tempo e dall'acqua, i lavabi MOAI presentano superfici morbide e sinuose che esaltano la matericità della ceramica. La loro presenza scultorea unisce l'estetica naturale delle forme pure all'innovazione del design contemporaneo, offrendo al bagno un elemento essenziale, iconico e destinato a durare nel tempo.

The MOAI range of washbasins is inspired by the mystery of Easter Island and crafted in Made in Italy ceramic. Reminiscent of stone monoliths smoothed by time and water, MOAI basins feature soft, sinuous surfaces that enhance the material quality of the ceramic. Their sculptural presence combines the natural beauty of pure forms with the innovation of contemporary design, bringing an essential, iconic and long-lasting element to the bathroom.

BUCKET

Design: Giovanna Talocci

La serie BUCKET si distingue per il suo profilo iconico che richiama il secchiello, reinterpretato in diverse dimensioni e decori ceramici Made in Italy. Un oggetto quotidiano, simbolo di gioco e semplicità, diventa elemento di design per il bagno trasformandosi in lavabo o lavamano. Il manico, parte integrante del progetto formale, si trasforma in pratico portasciugamano, sia nelle versioni con attacco a parete sia in quelle da appoggio.

The BUCKET collection stands out for its iconic shape inspired by a bucket, reinterpreted in different sizes and Made in Italy ceramic decorations. An everyday object, a symbol of playfulness and simplicity, becomes a bathroom design feature by turning into a washbasin or handbasin. The handle, an integral part of the design, functions as a practical towel rail in both wall-hung and countertop versions.

BUCKET DECORATIONS

L'ampia scelta decorativa, dal total white che risalta le forme ai decori geometrici, evocativi o ironici (come il pesciolino che salta dall'acqua), la rende adatta a spazi pubblici: palestre, ristoranti, locali e scuole, ma anche a bagni per la camera dei ragazzi o per chi ama osare con un arredo del bagno piuttosto informale.

Thanks to the wide offer of decorations, beginning from total white bringing out shapes to geometric, evocative or ironic decorations (like the small fish jumping out of water) it is fit for public places like gyms, restaurants, pubs and schools, but even for child bathrooms or for those who love daring with an informal style in their own bathroom.

PLANET

DESIGN: MASSIMILIANO BRACONI

Una struttura avvolgente che richiama i vecchi recipienti di un tempo, reinterpretata in chiave contemporanea. Linee sobrie e compatte danno vita ad un progetto d'arredo completo, ideale per ambienti bagno essenziali ma raffinati. La ceramica, lavorata con grande cura nei dettagli, garantisce superfici estremamente pulite ed ergonomiche, per un prodotto durevole, confortevole e autenticamente Made in Italy.

An enveloping shape that recalls vintage containers, reinterpreted in a contemporary key. Simple, compact lines define a complete bathroom concept, ideal for essential yet refined interiors. The ceramic, crafted with great attention to detail, ensures extremely clean and ergonomic surfaces, delivering a long-lasting, comfortable product that is genuinely Made in Italy.

THIN-LINE

DESIGN: SCARABEO CERAMICHE

Design come espressione di uno stile di vita più libero e contemporaneo. Thin-Line, semplice e lineare in tutti i suoi modelli, si distingue per i bordi sottili e la ceramica Made in Italy, lavorata con cura per eliminare ogni elemento superfluo. Rigorosi nella forma e nella funzione, questi lavabi danno vita ad ambienti caldi e moderni, creando un'atmosfera essenziale ma accogliente anche nei bagni più piccoli.

Design as the expression of a freer, more contemporary lifestyle. Thin-Line, simple and linear in all its models, stands out for its thin edges and Made in Italy ceramic, crafted with care to remove anything superfluous. Strict in form and function, these washbasins create warm, modern interiors, giving even the smallest bathrooms a unique, essential yet welcoming atmosphere.

SOFT / HUNG / CUBE

DESIGN: EMO DESIGN

Rigorous and clean, the lavabo SOFT esalta la competenza di Scarabeo nella lavorazione della ceramica, qui portata ad un elevato livello di definizione. Il bordo netto e sottile crea un deciso contrasto con la delicatezza della vasca, disegnata con linee morbide che accompagnano naturalmente il fluire dell'acqua, unendo precisione formale e comfort d'uso quotidiano. HUNG è funzionalità e ottimizzazione dello spazio. Disegnato da Emo design, questo mini lavabo rettangolare in ceramica integra nella propria struttura un pratico foro portasciugamani, offrendo in pochi centimetri tutto il necessario per un bagno o un locale di servizio compatto, senza rinunciare all'estetica.

Il mini lavabo CUBE, firmato Emo design, si presenta come un vero e proprio cubo di ceramica sospeso. Un elemento dal forte carattere estetico che, nonostante le dimensioni ridotte, mantiene piena funzionalità grazie alla vasca profonda, pensata per assecondare con facilità il gesto del lavaggio delle mani anche negli spazi più contenuti.

Rigorous and clean, the SOFT washbasin showcases Scarabeo's expertise in ceramic processing, here taken to a very high level of definition. Its sharp, thin rim creates a striking contrast with the delicacy of the bowl, defined by soft lines that naturally guide the flow of water, combining formal precision with everyday comfort.

HUNG stands for functionality and smart use of space. Designed by Emo design, this rectangular ceramic mini basin incorporates a practical towel-holder opening into its main structure, providing everything needed in just a few centimetres for compact bathrooms or service areas, without compromising on style.

The CUBE mini basin, also designed by Emo design, appears as a true suspended ceramic cube. A piece with a strong aesthetic identity which, despite its reduced dimensions, remains highly functional thanks to its deep bowl, specifically conceived to make handwashing comfortable and easy even in the smallest spaces.

MOAI

DESIGN: MASSIMILIANO BRACONI

Dal mistero dell'Isola di Pasqua nasce la linea di lavabi MOAI. Simili a monoliti di pietra levigati dal tempo e dall'acqua, i lavabi MOAI presentano superfici morbide e sinuose che esaltano la matericità della ceramica. La loro presenza scultorea unisce l'estetica naturale delle forme pure all'innovazione del design contemporaneo, offrendo al bagno un elemento essenziale, iconico e destinato a durare nel tempo.

The MOAI range of washbasins is inspired by the mystery of Easter Island and crafted in Made in Italy ceramic. Reminiscent of stone monoliths smoothed by time and water, MOAI basins feature soft, sinuous surfaces that enhance the material quality of the ceramic. Their sculptural presence combines the natural beauty of pure forms with the innovation of contemporary design, bringing an essential, iconic and long-lasting element to the bathroom.

FUJI

DESIGN: EMO DESIGN

La collezione FUJI di Emo Design, composta da lavabo in ceramica, specchio e consolle, è grafica ed essenziale. Il linguaggio progettuale interpreta il continuo fluire dell'acqua attraverso linee convesse che si trasformano in superfici morbide, quasi a "sfiorare" l'utente. La forma armonica e precisa del lavabo, frutto di un'accurata lavorazione ceramica, è ripresa nei complementi del sistema, come gli specchi e la consolle in tondino di ferro, creando un insieme coerente e contemporaneo per l'ambiente bagno.

The FUJI collection by Emo Design, composed of a ceramic washbasin, mirror and console, is graphic and essential. The design language interprets the continuous flow of water through convex lines that evolve into soft surfaces, almost "caressing" the user. The harmonious, precise shape of the washbasin-made possible by meticulous ceramic craftsmanship-is echoed in the system accessories, such as the mirrors and iron-rod console, creating a coherent and contemporary bathroom setting.

MIZU®

DESIGN: EMO DESIGN

MIZU, disegnato da Emo Design, è un lavabo in ceramica dalla raffinata eleganza che valorizza la cura artigianale tipica del Made in Italy. Rappresenta una proposta innovativa che ripensa l'architettura del lavabo, concepito come un volume composto da più elementi che definiscono una "scozza esterna" continua e pulita. Il taglio della calotta superiore, segno grafico distintivo dell'oggetto, ha la funzione primaria di convogliare l'acqua all'interno, dove lo scarico è integrato e discreto, coniugando estetica e funzionalità.

MIZU, designed by Emo Design, is an elegant ceramic washbasin that showcases the refined craftsmanship of Made in Italy. It offers an innovative approach that rethinks the traditional basin, conceived as a volume made up of several elements defining a clean, continuous external shell. The cut in the upper cap, a distinctive graphic feature of the design, has the primary function of channelling the water into the inner bowl, where the waste outlet is neatly integrated, combining aesthetics and functionality.

SEVENTY

DESIGN: STUDIO VALERI

Un design razionale ed essenziale esprime la ricerca della purezza delle forme. A partire da questo concept, lo Studio Valeri ha progettato SEVENTY, un lavabo in ceramica dalle linee semplici e chic, in cui il perimetro morbido e il piano integrato per la rubinetteria disegnano un segno contemporaneo e funzionale.

A rational, essential design expresses the search for pure shapes. Starting from this concept, Studio Valeri designed SEVENTY, a ceramic washbasin with simple, chic lines, where the soft outline and integrated tap area create a contemporary and highly functional look.

CASTELLANA

DESIGN: SCARABEO CERAMICHE

Castellana è un omaggio alla millenaria tradizione ceramica di Civita Castellana, reinterpretata da Scarabeo alla luce dell'evoluzione contemporanea dell'ambiente bagno. Nel corso degli anni l'azienda ha scelto di recuperare questa eredità stilistica, trasformandola in una collezione attuale, pensata per durare nel tempo.

Linee morbide, dettagli curati e superfici in ceramica smaltata esprimono un'eleganza classica, intrisa di artigianalità Made in Italy, capace di donare al bagno un'atmosfera calda e raffinata.

Castellana is a tribute to the age-old ceramic tradition of Civita Castellana, reinterpreted by Scarabeo in the light of the contemporary bathroom. Over the years, the company has chosen to rediscover and update this heritage, turning it into a collection designed to stand the test of time.

Soft lines, refined details and glazed ceramic surfaces convey a classic elegance steeped in Made in Italy craftsmanship, giving bathroom interiors a warm and sophisticated atmosphere.

BI LOOP®

DESIGN: MASSIMILIANO ABATI

Bi-loop, è la nuova collezione mobili firmata da Massimiliano Abati per Scarabeo. Caratterizzata da un doppio top in ceramica dalla forma iperellittica, da qui Bi-LOOP: “un percorso che si chiude dove è iniziato”.

Una struttura in metallo che ne forma il telaio portante e che ne ricalca l'andamento nella sua forma. Si avvale di un cassetto sottostante che ne conferisce funzionalità ed eleganza.

Disponibile in nero opaco per quanto riguarda il metallo, e per la ceramica in tutti i colori scarabeo lucidi ed opachi. Il cassetto, laccato può essere in tono con la ceramica in tutte le colorazioni Scarabeo, ed in finiture lignee. BI-LOOP porta eleganza e funzionalità in un bagno alternativo e friendly.

Bi-loop is the new furniture collection designed by Massimiliano Abati for Scarabeo. Characterized by a double ceramic top with a hyper-elliptical shape hence the name Bi-LOOP, “a path that closes where it began” it features a metal structure that forms its supporting frame, echoing the same flowing outline.

It includes an underlying drawer that adds both functionality and elegance. The metal structure is available in matte black, while the ceramic tops come in all glossy and matte Scarabeo colors. The lacquered drawer can be color-coordinated with the ceramic in any Scarabeo shade or finished in wood textures. BI-LOOP brings elegance and functionality to an alternative and friendly bathroom space.

TEOREMA 2.0

DESIGN: SCARABEO CERAMICHE

TEOREMA 2.0 è la collezione di mobili da bagno che traduce il rigore geometrico dei lavabi omonimi in volumi puri e sospesi. Frontali continui, una sottile gola orizzontale come presa integrata e proporzioni essenziali disegnano contenitori discreti, pensati per dialogare con i piani in ceramica e con i lavabi d'appoggio Scarabeo.

La struttura sospesa libera lo spazio a pavimento e alleggerisce visivamente l'insieme, mentre i cassetti a tutta larghezza offrono una capienza generosa e organizzata per le routine quotidiane. Le finiture, coordinate alle cromie della ceramica Scarabeo, permettono di creare composizioni tono su tono o raffinati contrasti materici, dal total black alle sfumature più calde e morbide. TEOREMA 2.0 è una proposta di arredo bagno essenziale ma sofisticata, pensata per chi cerca un'estetica contemporanea, funzionale e durevole nel tempo.

TEOREMA 2.0 is the bathroom furniture collection that translates the geometric rigour of the homonymous washbasins into pure, wall-hung volumes. Continuous fronts, a slim horizontal groove as an integrated handle and essential proportions define understated storage units designed to work seamlessly with ceramic tops and Scarabeo countertop washbasins.

The suspended structure frees up floor space and visually lightens the composition, while the full-width drawers provide generous, well-organised storage for everyday routines. Finishes coordinated with the Scarabeo ceramic palette allow for tone-on-tone solutions or refined material contrasts, ranging from total black to warmer, softer shades. TEOREMA 2.0 offers an essential yet sophisticated bathroom concept, ideal for those seeking a contemporary look that is functional and built to last.

SOLID

DESIGN: SCARABEO CERAMICHE

SOLID è la quintessenza della versatilità: diversi elementi perfettamente abbinabili e integrabili tra loro concorrono a creare soluzioni di design che rispondono ad ogni tipologia di esigenza o gusto. Protagonista del sistema è il nuovo piano in ceramica Scarabeo, resistente, facile da pulire e disponibile in numerose finiture, che dialoga con l'importante struttura in metallo (proposta nelle versioni Nero opaco, Grigio, Tortora e Oro satinato) e dotata di porta asciugamani integrato, capace di vestire alla perfezione tutti i lavabi della collezione Teorema 2.0. Con il posizionamento di una mensola in legno o di ulteriori piani in ceramica, la stessa struttura diventa una consolle fruibile per oltre 100 tipi di lavabi da appoggio. La possibilità di scegliere la ceramica dei lavabi in diversi colori consente di costruire un'identità unica e personalizzata della sala da bagno. La parte inferiore della struttura si presta a zona contenitiva attraverso l'opzione della mensola semplice, disponibile in tutte le colorazioni della ceramica Scarabeo, o di cassetti proposti in finiture colorate o in diverse essenze lignee di prestigio. SOLID si completa, infine, di accessori in metallo posizionabili a muro o in appoggio che ampliano la capacità contenitiva e offrono ulteriori spunti creativi per un'idea di bagno completo e decisamente funzionale.

SOLID is the quintessence of versatility: multiple elements can be perfectly combined and integrated to create design solutions able to meet every need and taste. At the heart of the system lies the new Scarabeo ceramic top – durable, easy to clean and available in a wide range of finishes – which interacts with the striking metal frame, offered in matt Black, Grey, Dove-Grey and satin Gold and equipped with an integrated towel rail, designed to fit all Teorema 2.0 collection washbasins. With the addition of a wooden shelf or extra ceramic tops, the same frame becomes a console suitable for over 100 models of lay-on basins. Moreover, the ceramic washbasins can be chosen in different colours, creating a unique, personalised identity for the bathroom. The lower part of the structure can be used as storage space, with the option of a simple shelf, available in all Scarabeo ceramic colours, or drawers with coloured finishes or prestigious wood veneers. Finally, SOLID is completed with wall-mounted or countertop metal accessories that increase storage capacity and offer further creative options for a fully equipped and highly functional bathroom.

LAILA

DESIGN: SCARABEO CERAMICHE

LAILA è il sistema di arredo bagno che Scarabeo ha progettato per completare ed esaltare l'eclettica collezione di lavabi Moon, caratterizzata da un'anima sottile e da volumi generosi. La struttura tubolare in metallo, leggera ma resistente, è proposta in diverse varianti cromatiche e si inserisce con naturalezza in contesti dallo stile minimale, contemporaneo o più decorativo. Attorno a questo telaio si sviluppa un'ampia gamma di soluzioni contenitive e funzionali: mensole e cassetti in legno, disponibili in varie finiture, dialogano con le nuove mensole in ceramica smaltata, proposte in molte tonalità sia lucide sia opache, per creare combinazioni materiche e cromatiche sempre diverse. LAILA è una proposta dinamica e raffinata, perfetta per ogni tipologia di sala da bagno, anche di piccole dimensioni, grazie a moduli compatti e ben organizzati. Le numerose possibilità di abbinamento tra lavabi Moon, finiture metalliche, essenze lignee e colori ceramici portano le configurazioni possibili a oltre 100 soluzioni. Le nuove unità contenitive prevedono cassetti più ampi e vani a due ante, realizzati sia in legno, in diverse essenze di pregio, sia in finiture colorate lucide e opache. La parte contenitiva si integra perfettamente con le diverse misure della struttura tubolare in metallo, offrendo un sistema d'arredo completo, versatile e coerente con la qualità Made in Italy di Scarabeo.

LAILA is the bathroom furniture concept designed by Scarabeo to complete and enhance the eclectic Moon washbasin collection, distinguished by its thin edges and generous volumes. The tubular metal structure, light yet sturdy, comes in different colour variants and fits naturally into minimalist, contemporary or more decorative interiors. Around this frame, a wide range of functional storage solutions takes shape: wooden shelves and drawers, available in various finishes, interact with new glazed ceramic shelves offered in many colours, both glossy and matt, to create endlessly different material and chromatic combinations. LAILA is a dynamic, refined proposal, perfect for all types of bathroom, including small spaces, thanks to compact, well-organised modules. The multiple combinations of Moon washbasins, metal finishes, wood essences and ceramic colours generate over 100 possible configurations. The new storage units feature wider drawers and two-door compartments, made either of wood, in various premium finishes, or with glossy and matt coloured fronts. The storage elements are perfectly matched to the different sizes of the tubular metal frame, creating a complete, versatile furnishing system for the bathroom, fully in line with Scarabeo's Made in Italy quality.

GUSTAV

DESIGN: SCARABEO CERAMICHE

GUSTAV è la nuova soluzione d'arredo per bagni di piccole dimensioni o ambienti openspace con una zona dedicata al benessere. Elegante, dal design fresco e gioioso, GUSTAV arreda con carattere e personalità offrendo al tempo stesso una fruibilità semplice e confortevole. Realizzato in metallo, si presenta con una struttura leggera e ariosa dotata di due piani d'appoggio circolari: il superiore accoglie il lavabo, quello inferiore è pensato per gli oggetti di uso quotidiano. Proposto in una vasta gamma di colorazioni (le stesse disponibili per la ceramica di lavabi e sanitari Scarabeo, in finitura lucida o opaca) consente di scegliere liberamente la combinazione cromatica. Struttura, piani e lavabo possono infatti essere coordinati tono su tono oppure mixati tra loro, creando abbinamenti personalizzati e perfettamente in linea con lo stile dell'ambiente.

GUSTAV is the new furnishing solution for small bathrooms or open-space interiors featuring a dedicated wash area. Elegant, with a fresh and joyful design, GUSTAV adds character and personality while remaining extremely easy and comfortable to use. Made of metal, it features a light, airy frame with two circular shelves: the upper one hosts the washbasin, while the lower one is designed for everyday items. Available in a wide range of colours (the same palette offered for Scarabeo washbasins and sanitary ware, in both glossy and matt finishes) it allows complete freedom in colour matching. Frame, shelves and basin can be finished in the same tone or mixed in contrasting hues, creating customised combinations that perfectly reflect the style of the surrounding space.

SESTO

DESIGN: SCARABEO CERAMICHE

SESTO è una consolle per la sala da bagno dal design essenziale, che nel suo minimalismo offre grande funzionalità e ampie possibilità di personalizzazione. La forma semicircolare e la struttura snella in metallo nero satinato, con porta asciugamani integrato, accolgono due piani d'appoggio: quello superiore dedicato al lavabo, quello inferiore pensato per oggetti e accessori di uso quotidiano.

I piani possono essere utilizzati a vista oppure completati da basi in ceramica circolari, disponibili in tutti i colori dei lavabi e sanitari Scarabeo (lucidi e opachi), per creare composizioni su misura attraverso le cromie desiderate. SESTO è una soluzione raffinata e scenografica, capace di arredare con eleganza qualsiasi ambiente bagno contemporaneo, valorizzando la qualità della ceramica Made in Italy.

SESTO is a bathroom console with a clean, minimalist design that combines high functionality with numerous customisation options. Its semi-circular shape and slim satin black metal frame, complete with integrated towel rail, feature two shelves: the upper one for the washbasin and the lower one for everyday accessories and objects.

The shelves can be used bare or completed with circular ceramic bases, available in all the glossy and matt colours of Scarabeo washbasins and sanitary ware, allowing customised compositions with the desired colour combinations. SESTO is a refined, eye-catching solution that brings elegance to any contemporary bathroom, highlighting the quality of Scarabeo's Made in Italy ceramic.

CROSS

DESIGN: SCARABEO CERAMICHE

Uno stile ricercato e fuori dagli schemi per un ambiente bagno unico e decisamente glamour. Scarabeo presenta CROSS, la soluzione d'arredo che trasforma la sala da bagno in uno spazio affascinante, originale e al tempo stesso delicato e funzionale. CROSS ci introduce in una nuova atmosfera, dove il calore del legno incontra la purezza della ceramica in un incrocio perfetto di materiali e finiture suggestive, trasformando il bagno in un ambiente emozionale e incredibilmente pratico. Una base in legno, composta da elementi che si intrecciano e sono raccordati da inserti in ceramica, sostiene un top rotondo in ceramica su cui possono essere posizionati 14 diversi modelli di lavabo delle collezioni Scarabeo (Bucket, Glam, Mizu, Thin-Line, Shape e Lavabi d'Arredo).

Il legno è disponibile nelle tonalità chiaro e scuro, mentre la ceramica del piano d'appoggio e degli inserti è proposta in 9 finiture differenti, coordinate a lavabi e sanitari, per garantire un elevato livello di personalizzazione in linea con le tendenze più attuali per un bagno sempre più originale e fashion. CROSS si completa inoltre con un piccolo tavolo, perfettamente abbinato alla consolle, affinché la sala da bagno diventi a tutti gli effetti un luogo accogliente, fruibile e completo.

A unique, refined style for a truly glamorous bathroom. Scarabeo presents CROSS, the new furnishing solution that turns the bathroom into a fascinating, original space, delicate in its look yet highly functional in everyday use. CROSS creates a new atmosphere where the warmth of wood meets the purity of ceramic, in a perfect interplay of materials and evocative finishes that makes the bathroom both emotional and incredibly practical. The wooden base, made of intersecting elements joined by ceramic inserts, supports a round ceramic top designed to host 14 different washbasin models from the Scarabeo collections (Bucket, Glam, Mizu, Thin-Line, Shape and Fitted Washbasins). The wooden structure is available in light or dark tones, while the ceramic top and inserts come in 9 different finishes, matching the colours of Scarabeo washbasins and sanitary ware to provide a high level of customisation in line with current trends for an increasingly original and fashionable bathroom. CROSS is completed by a small side table perfectly coordinated with the console, making the bathroom a welcoming, fully functional and truly complete living space.

PICTURE

DESIGN: STUDIO ADOLINI

PICTURE è la nuova e versatile collezione di arredobagno disegnata dallo Studio Adolini per Scarabeo Ceramiche. Una serie di telai estetici in metallo accoglie elementi contenitivi e accessori che possono essere combinati in molteplici configurazioni, offrendo un'esperienza di design su misura per ogni ambiente bagno. PICTURE è proposta con due diverse tipologie di telaio: una versione da appoggio a terra, alta 60 cm, che integra al suo interno specchio e mensola; e una versione sospesa a 90 cm, come il mobile contenitivo, abbinata a un secondo telaio, distaccato dalla struttura sottostante, che accoglie specchio e mensola. Entrambe le tipologie sono disponibili nelle larghezze 60, 90 e 120 cm.

I mobili contenitori, proposti nelle tre misure dei telai, offrono ampie possibilità di personalizzazione sia nella composizione, con o senza vani a giorno, sia nella scelta delle finiture. Le finiture Standard comprendono Bianco, Nero, Rovere Scuro e Rovere Lindberg, combinabili anche con scocche bianche o nere. A queste si aggiungono le finiture Premium, che prevedono versione cannettata oppure liscia per le essenze lignee Noce Canaletto e Rovere Chiaro, oltre ai laccati opachi disponibili in 10 diverse tonalità.

PICTURE is the new versatile bathroom furniture collection designed by Studio Adolini for Scarabeo Ceramiche. A series of refined metal frames houses storage units and accessories that can be combined in multiple layouts, offering a truly tailor-made design experience for every bathroom. PICTURE is available with two different frame types: a floor-standing frame, 60 cm high, which accommodates both mirror and shelf; and a suspended frame, 90 cm high like the storage unit, paired with a second frame detached from the base structure, designed to hold the mirror and shelf. Both frame types come in widths of 60, 90 and 120 cm.

The storage cabinets, available in the same three widths, provide a high level of customisation, both in terms of composition, with or without open compartments, and in the choice of finishes. The Standard finishes include White, Black, Dark Oak and Lindberg Oak, which can be matched with white or black carcasses. In addition, the Premium finishes offer a fluted or smooth option for Canaletto Walnut and Light Oak, as well as matt lacquered versions available in 10 different shades.

FUJI

DESIGN: EMO DESIGN

La consolle FUJI, nata come sostegno dedicato al lavabo Fuji, si evolve e si arricchisce di un piano in legno, estendendo la sua funzione a tutta la gamma di lavabi da appoggio Scarabeo. Disponibile in due dimensioni, 59 e 79 cm, presenta una struttura in tondino di ferro verniciato Bianco o Nero opaco e offre la possibilità di scegliere il ripiano tra cinque diverse essenze lignee (Alpaca, Cesio Verde, Macassar, Rovere Brizzo e Rovere Nodato). Essenziale, sobria e versatile, la consolle FUJI diventa un arredo bagno leggero ma caratterizzante, abbinabile a venti tipologie di lavabi Scarabeo, ciascuno disponibile in 9 diverse colorazioni.

Originally conceived as a support for the Fuji washbasin, the FUJI console has evolved with the addition of a wooden top, making it suitable for the entire range of Scarabeo lay-on washbasins. Available in two sizes, 59 and 79 cm, it features a slim iron-rod frame in White or matt Black and a shelf in five different wood finishes (Alpaca, Cesio Verde, Macassar, Rovere Brizzo and Rovere Nodato). Essential, clean and highly versatile, the FUJI console becomes a light yet distinctive bathroom element, which can be combined with twenty Scarabeo washbasin models, each offered in 9 different colours.

MIRROR

Gli specchi ampliano visivamente lo spazio bagno e ne migliorano la luminosità, oltre ad essere indispensabili nelle routine quotidiane di cura personale. Ogni elemento della nostra collezione non solo moltiplica luce e profondità, ma aggiunge un segno distintivo di eleganza, valorizzando il design complessivo dell'ambiente. Progettati per massimizzare la percezione di spazio e chiarezza visiva, gli specchi SCARABEO riflettono lo stile unico di ogni sala da bagno, in equilibrio tra estetica e funzionalità. La collezione Mirror combina linee pulite, proporzioni studiate e finiture di pregio, offrendo una perfetta fusione tra forma e performance nel cuore della casa. Pensati come gioielli di design, capaci di trasformare un semplice gesto quotidiano in un momento di autentico piacere estetico, arricchiscono l'ambiente con dettagli che raccontano cura, personalità e qualità nel tempo.

Mirrors visually expand the bathroom space and enhance brightness, while being essential for daily personal care routines. Each piece in our collection not only increases light and depth, but also adds a distinctive touch of elegance, enhancing the overall design of the room. Designed to maximise the perception of space and visual clarity, SCARABEO mirrors reflect the unique style of every bathroom, balancing aesthetics and functionality. The Mirror collection combines clean lines, well-proportioned forms and refined finishes, offering a perfect blend of shape and performance at the heart of the home. Conceived as design jewels, capable of transforming a simple everyday gesture into a moment of genuine aesthetic pleasure, they enrich the space with details that express care, personality and lasting quality.

BATHTUBS

DESIGN: SCARABEO CERAMICHE

Scarabeo presenta una collezione di vasche da bagno in stile contemporaneo, pensata per dialogare in continuità con i suoi lavabi e sanitari. Le tre collezioni MOON, TEOREMA 2.0 e GLAM arricchiscono l'offerta di vasche, aggiungendosi alla più classica CASTELLANA, offrendo progetti di bagno completi, coordinati e dal forte carattere decorativo.

La vasca MOON riprende le forme generose e arrotondate e i bordi sottili che caratterizzano l'intera famiglia di prodotti, trasformandosi in un elemento armonico ed elegante, pronto a diventare protagonista della stanza da bagno. TEOREMA 2.0 propone un design rigoroso e squadrato, tipico della collezione, ideale per ambienti decisamente moderni ed essenziali. La vasca GLAM è definita da una forma a catino, minimale e accogliente al tempo stesso: i bordi alti e sottili invitano a concedersi pause di relax confortevoli e distensive. CASTELLANA è la vasca freestanding d'ispirazione classica che richiama il fascino delle antiche dimore, con linee morbide e piedini lavorati. Un elemento scenografico pensato per momenti di autentico relax, capace di dare carattere e luce all'intera sala da bagno. Interpretazioni diverse, pensate per rispondere alle esigenze di un pubblico ampio e variegato che desidera un bagno completo, coordinato e dal design contemporaneo.

Scarabeo presents a collection of contemporary-style bathtubs designed to create seamless continuity with its washbasins and sanitary ware. The three MOON, TEOREMA 2.0 and GLAM collections expand the bathtub offering, joining the more classic CASTELLANA, and provide complete, coordinated bathroom schemes with a strong decorative character.

The MOON bathtub echoes the generous, rounded shapes and thin edges that define the entire product family, becoming a harmonious and elegant feature ready to take centre stage in the bathroom. TEOREMA 2.0 offers a rigorous, square design, typical of the collection and ideal for distinctly modern, essential interiors. The GLAM bathtub is defined by a bowl-shaped form, minimal yet embracing at the same time: its high, slim edges invite you to enjoy moments of deep comfort and relaxation. CASTELLANA is a freestanding bathtub with classic inspiration, evoking the charm of historic residences with its soft lines and sculpted feet. A dramatic statement piece designed for true moments of relaxation, adding character and light to the entire bathroom. Different interpretations conceived to meet the needs of a broad and varied audience seeking a complete, coordinated bathroom with contemporary design.

STEP

DESIGN: SCARABEO CERAMICHE

Innovazione e design sostenibile per un piatto doccia all'avanguardia. STEP è una nuova idea di piatto doccia in e-Gres, rivoluzionaria nel suo genere, esteticamente appagante e facilmente integrabile in qualsiasi contesto. STEP non è un semplice piatto doccia, ma un unico blocco in Gres Porcellanato Smaltato, spesso soli 25/27 mm, tagliabile su misura in fase di posa e ideale per il montaggio a filo pavimento. Una soluzione che elimina ogni criticità legata a dimensioni e spessori, perché può essere adattata con estrema semplicità a qualunque ambiente bagno.

Progettato in un'ottica di sostenibilità, STEP utilizza e-Gres, materiale industriale che reimpiega al 100% i residui del processo produttivo secondo i principi dell'Economia Circolare. Il risultato è una superficie duttile e incredibilmente resistente all'uso intensivo e alle condizioni più estreme: idrorepellente, in grado di sopportare carichi fino a 1000 kg, resistente all'abrasione, agli acidi, alle macchie, agli sbalzi termici e alle intemperie. L'intera superficie è antiscivolo (Cat. A+B) e la texture, proposta in diverse colorazioni, non subisce alterazioni dovute alla luce. Solido, durevole e igienicamente sicuro, STEP è la nuova frontiera della zona doccia: una sintesi evoluta tra artigianalità e industria, tra natura, tecnologia ed ecologia, ideale per bagni residenziali, contract e spazi outdoor.

Innovation and sustainable design for a truly cutting-edge shower tray. Scarabeo presents STEP, a new concept in e-Gres shower trays, revolutionary in its category, visually refined and easy to integrate into any setting. STEP is not just a shower tray, but a single glazed porcelain stoneware block, only 25/27 mm thick, which can be cut to size during installation and is perfect for flush-to-floor mounting. This solution eliminates any issues related to size or thickness, as it can be adapted effortlessly to any bathroom layout.

Designed with sustainability in mind, STEP is made of e-Gres, an industrial material that reuses 100% of processing residues according to Circular Economy principles. The result is a ductile surface with outstanding resistance to intensive use and the most demanding conditions: water-repellent, capable of bearing loads of up to 1000 kg, resistant to abrasion, acids, stains, thermal shock and adverse weather. The entire surface is anti-slip (Cat. A+B) and the texture, available in a wide range of colours, does not change over time when exposed to light. Solid, durable and hygienically safe, STEP represents the new frontier of the shower area: an evolved synthesis of craftsmanship and industry, nature, technology and ecology, ideal for residential bathrooms, contract projects and outdoor spaces.

COLORS

Alla ceramica bianca, nobile, classica e senza tempo, Scarabeo affianca un'ampia gamma di soluzioni colorate per arredare la sala da bagno con carattere e personalità, in linea con le tendenze e le linee guida del design contemporaneo. La scelta dei colori può influire in modo significativo sul contesto abitativo, creando sfumature e contrasti inediti capaci di trasformare l'ambiente in uno spazio carico di fascino ed originalità.

Alle tonalità già presenti in collezione, disponibili nelle versioni lucida e opaca, Scarabeo affianca nuovi colori che ampliano ulteriormente le possibilità compositive. L'Azzurro Air, il Giallo Lime e l'Arancio Peach arricchiscono la palette cromatica, offrendo nuove nuance (lucide e opache) per un ambiente bagno non solo funzionale ma anche esteticamente personalizzato. A queste tre nuove sfumature si aggiunge il Rosso Cherry, proposto esclusivamente in finitura glossy, per un tocco di colore inedito e audace.

Alongside noble, classic and timeless white ceramic, Scarabeo offers a wide range of coloured solutions to furnish the bathroom with character and personality, in tune with contemporary design trends and guidelines. The choice of colour can significantly influence the living space, creating unexpected shades and contrasts that turn the bathroom into a setting full of charm and originality.

In addition to the existing shades, available in both glossy and matt finishes, Scarabeo introduces new colors that further expand the range of possible design combinations. Air Blue, Lime Yellow and Peach Orange extend the palette with fresh tones (in glossy and matt versions) for a bathroom that is not only functional but also visually customised. Completing the range is Cherry Red, offered exclusively in a glossy finish, for a bold, distinctive touch of colour.

WOODS

Le essenze lignee proposte da Scarabeo sono molteplici e di grande prestigio. Alle finiture Standard (Rovere Scuro, Rovere Lindberg) si affiancano le finiture Premium, che permettono di scegliere tra Noce Canaletto e Rovere Chiaro, disponibili sia in versione liscia sia cannettata, anche in variante bicolor abbinata al bianco. Il legno è inoltre proposto con finitura laccata matt nei colori Pearl, Ardesia, Sand, Tabacco, Antique Pink, Musk, Ocean, Air, Lime e Peach, gli stessi della ceramica, per creare combinazioni materiche e cromatiche perfettamente coordinate all'interno dell'ambiente bagno.

Scarabeo offers a wide selection of prestigious wood finishes. The Standard finishes (Dark Oak, Lindberg Oak) are complemented by the Premium options, with a choice of Canaletto Walnut and Light Oak, available in both smooth and fluted versions, also in a two-colour variant combined with white. Wood is also available in a matt lacquered finish in Pearl, Slate, Sand, Tobacco, Antique Pink, Musk, Ocean, Air, Lime and Peach, matching the ceramic colours to allow perfectly coordinated material and colour combinations throughout the bathroom.

NOTA BENE

1) Il sistema di scarico piletta deve sempre essere ancorato al lavabo pertanto il foro consigliato da praticare sul top dove vengono appoggiati i lavabi deve avere un diametro necessario a consentire tale operazione. Per i nostri prodotti si prega di ricavare le dovute dimensioni dei fori da praticare sui top dalla sezione Caratteristiche tecniche del catalogo generale.

2) Il diametro del foro consigliato da praticare sul top per il passaggio delle connessioni dell'acqua al rubinetto deve essere non inferiore a 40 mm di diametro. Si prega di controllare prima di praticare il foro anche la scheda tecnica del rubinetto che viene utilizzato.

* Specifica Certificazioni e conformità alla norma UNI EN 997 - 14528 riguardante lo scarico dei WC e bidet relativa marchiatura CE.

La documentazione completa è disponibile a richiesta presso i nostri uffici.

NOTE

1) The plughole drainage system must always be fixed to the washbasin; it is therefore recommended that the holes made in the tops on which the washbasins are mounted have a diameter large enough to accommodate this. As far as our products are concerned, please refer to the Technical Characteristics section of the General Catalogue to obtain details of the specific measurements necessary for the holes made in the tops.

2) The minimum recommended diameter of the hole to be made in the top for the passage of the water connections to the tap is 40 mm. Please make sure you also check the technical specification of the tap used before making the hole.

* Specification outlining certifications and conformity with standard UNI EN 997 - 14528 (relating to WC waste pipes and bidet) and corresponding CE branding.

The complete documentation is available from our offices on request.

REMARQUE

1) La bonde d'écoulement doit toujours être fixée au lavabo. Pour effectuer cette opération, il est donc recommandé de découper sur le plan une ouverture du diamètre prévu pour le lavabo. À la section Caractéristiques techniques de notre catalogue général, vous pourrez trouver les dimensions requises pour les ouvertures à réaliser sur les plans.

2) Il est conseillé de percer un trou pour le passage des raccords de l'arrivée d'eau au robinet d'un diamètre d'au moins 40 mm. Veuillez à vérifier les cotes de l'orifice précisées sur la fiche technique du robinet utilisé.

* Caractéristiques techniques et certificat de conformité (UNI EN 997 - 14528) pour la décharge des WC et bidet et label CE.

La documentation complète est disponible sur demande en nos bureaux.

HINWEIS

1) Das Abflusssystem muss immer am Waschbecken befestigt werden, daher sollte die Bohrung im Top, auf dem die Waschbecken gestellt werden, einen ausreichenden Durchmesser haben, um den Anschluss auszuführen. Die notwendigen Durchmesser der Bohrungen im Top für unsere Produkte entnehmen Sie bitte dem Abschnitt Technische Eigenschaften in unserem Katalog.

2) Die im Top für die Durchleitung der Wasseranschlussleitungen benötigte Bohrung darf nicht weniger als 40 mm Durchmesser aufweisen. Bitte prüfen Sie, bevor sie das Loch bohren, auch das Datenblatt des Wasserhahns, der installiert wird.

* Zertifizierung und Konformität mit der Norm UNI EN 997 - 14528 bezüglich der WC-Abflüsse und bidet und entsprechende CE-Kennzeichnung.

Die komplette Dokumentation kann in unseren Büros angefordert werden.

ADVERTENCIA

1) El sistema de desagüe del sumidero debe estar siempre anclado al lavabo; por tanto, se aconseja efectuar en la encimera donde se apoyarán los lavabos un orificio con el diámetro suficiente para que pueda efectuarse esa operación. En el caso de nuestros productos, las medidas de los orificios que se han de practicar se encuentran en el apartado "Características técnicas" del Catálogo general.

2) En la encimera, para pasar las conexiones de agua al grifo, se practicará un orificio de diámetro no inferior a 40 mm. Antes de perforar, consúltese la ficha técnica del grifo que se ha de utilizar.

* Especificación de certificaciones y conformidad con la norma UNI EN 997 relativa a la descarga del inodoro y a la correspondiente marca CE.

La documentación completa está a disposición en nuestras oficinas.

ВАЖНАЯ ИНФОРМАЦИЯ

1) Система слива с пробкой должна всегда быть закреплена на раковине умывальника, в связи с чем рекомендуется, чтобы отверстие в столешнице, на которую должна опираться раковина умывальника, имело достаточно большой диаметр, обеспечивающий выполнение этой операции. Что касается нашей продукции, см. раздел «Технические характеристики» основного каталога, где приведены соответствующие размеры отверстий, выполняемых в столешнице.

2) Рекомендуемый размер отверстия в столешнице для прохождения соединительных шлангов подачи воды в кран должен составлять не менее 40 мм в диаметре. Прежде чем делать отверстие, рекомендуется свериться с техническими данными крана, который будет использоваться.

* Технические условия на сертификацию и соответствие требованиям UNI EN 997—14528 в отношении слива унитазов и биде по маркировке CE.

Полная документация доступна по запросу в офисах нашей компании.

TWIST®

Il sistema TWIST prevede un bordo contenitivo del vaso con un design tale da permettere una riduzione al minimo di qualsiasi fuoriuscita d'acqua. Lo scarico, progettato per consentire un risparmio idrico ancor più performante rispetto ai già esistenti Clean Flush adottati da Scarabeo, è realizzato con un nuovo sistema che limita al massimo il rumore favorendo un alto livello di silenziosità.

The TWIST system features a containing rim of the bowl that is designed to minimize any water spillage. The new drain can save more water than the existing Clean Flush used by Scarabeo and the new system significantly reduces the noise for a higher level of comfort.

Le système TWIST comprend une bordure de cuve telle qu'elle limite au minimum toute sortie d'eau. La décharge a été conçue pour une économie d'eau supérieure aux systèmes Clean Flush adoptés par Scarabeo.

Elle a été réalisée avec un nouveau système limitant le bruit au minimum.

Beim TWIST-System ist der Spülrand des Beckens so geformt, dass ein Herausspritzen von Wasser nahezu ausgeschlossen werden kann. Die Spülung, die im Vergleich zu der von Scarabeo bereits eingesetzten Clean-Flush-Technologie noch wassersparender konzipiert wurde, ist mit einem neuen System ausgestattet, das die Geräuscentwicklung weitestgehend begrenzt und dadurch extrem geräuscharm ist.

El sistema TWIST presenta un borde de contención con un diseño que reduce al mínimo las salpicaduras de agua fuera del WC. La descarga, diseñada para permitir un ahorro de agua superior al de las Clean Flush existentes adoptadas por Scarabeo, está realizada con un nuevo sistema que limita todo lo posible el ruido, favoreciendo el funcionamiento más silencioso.

Продуманный дизайн с системой TWIST и сдерживающим бортом позволяет свести к минимуму разбрызгивание воды из чаши унитаза. Слив обеспечивает экономию воды — еще более эффективную, чем в системах Clean Flush других моделей Scarabeo. Использование новой системы максимально ограничивает шум, что способствует высокому уровню тишины.

CLEAN FLUSH WC®

La nuova generazione di WC senza brida Scarabeo stabilisce nuovi standard d'igiene grazie all'innovativo Clean Flush WC®. Per una pulizia completa con la massima semplicità. Rispetto ai WC a brida chiusa, il flusso d'acqua dinamico e potente che con assenza della brida, la cavità dove si deposita lo sporco, il calcare e dove proliferano i batteri, descrive un cerchio orizzontale prima che l'acqua scarichi in verticale e sciacqua così tutta la superficie interna del vaso.

Ancora una volta Scarabeo coniuga con perfetta armonia design e tecnologia.

The latest generation of Scarabeo WC without a flange sets new hygiene standards thanks to the innovative Clean Flush WC®. Total cleaning which is as easy as it could be. Compared with a closed flange WC, the dynamic and powerful flow of water, which, minus the flange, the cavity where dirt accumulates and where bacteria proliferate, forms a horizontal circle before the water is flushed vertically and thus rinses the entire inside surface of the bowl. Scarabeo has once again combined design and technology in perfect harmony.

La nouvelle génération de WC sans bride Scarabeo donne le ton en matière d'hygiène grâce à son WC Clean Flush®

innovant. Pour un nettoyage complet en toute simplicité. A la différence des WC à bride fermée, le débit d'eau est plus puissant et plus dynamique. Il décrit un cercle horizontal avant que l'eau s'écoule de haut en bas. L'absence de rebord propice à l'accumulation de saleté, de calcaire et à la prolifération des bactéries autorise un nettoyage de toute la surface de la cuvette. Une fois de plus, Scarabeo allie design et technologie dans une harmonie parfaite.

Die jüngste Generation des WCs ohne Spülrand von Scarabeo setzt mit dem innovativen Clean Flush WC® neue Hygienestandards. Die komplette Reinigung ist ganz einfach. Im Vergleich zu WCs mit geschlossenem Spülrand haben wir hier einen dynamischen und kräftigen Wasserstrahl. Da kein Rand mehr vorhanden ist, können sich auch keine Bakterien, Verschmutzungen und Kalk absetzen. Der Wasserfluss beschreibt zunächst einen horizontalen Kreis und fließt dann vertikal nach unten ab. Auf diese Weise wird das gesamte Becken gründlich gereinigt. Wieder ist es Scarabeo gelungen, Design und Technologie harmonisch miteinander zu verbinden.

La nueva generación de WC sin brida Scarabeo establece nuevos estándares

de higiene gracias al innovador Clean Flush WC®. Para una limpieza completa con la máxima sencillez. A diferencia de los WC con brida cerrada, el flujo de agua, dinámico y potente, en ausencia de brida -cavidad donde se deposita la suciedad y la cal y donde proliferan las bacterias-, describe un círculo horizontal antes de que el agua se descargue verticalmente, y enjuaga de esta manera toda la superficie interna del WC.

Una vez más, Scarabeo armoniza el diseño con la tecnología de manera perfecta.

Новое поколение безободковых унитазов Scarabeo устанавливает новые стандарты гигиены благодаря инновационному унитазу Clean Flush WC®. Полная очистка с максимальной простотой. Наличие в унитазе закрытого обода создает условия для накопления под ним известкового налета и грязи, а также размножения бактерий. При отсутствии же обода динамичный и мощный поток воды описывает горизонтальный круг, прежде чем вода стекает вертикально и таким образом промывает всю внутреннюю поверхность чаши унитаза. В очередной раз Scarabeo предлагает идеальное сочетание дизайна и технологий.

SOLUZIONI A SCARICO TRASLATO

L'EVOLUZIONE DEL COMFORT E DEL DESIGN

Rinnovare l'ambiente bagno non è mai stato così semplice e raffinato. Grazie ai nuovi WC e bidet a pavimento Trasalti e Adattabili, la sostituzione dei vecchi sanitari diventa un'operazione immediata e versatile. La nostra progettazione d'avanguardia, unita a sistemi di scarico flessibili, permette di adattarsi con precisione millimetrica agli impianti preesistenti, sia che si tratti di scarichi a pavimento che a parete.

Il design "traslato" consente un'installazione a filo parete estremamente pulita, eliminando gli ingombri visivi e garantendo un risultato estetico moderno e contemporaneo, ideale per chi cerca l'eccellenza funzionale senza compromessi estetici.

Ergonomia e Precisione Tecnica

I nostri prodotti non sono solo adattabili, ma progettati per il benessere quotidiano:

Massima Adattabilità: I sistemi Offset WC e i bidet universali offrono range di installazione estremamente ampi (fino a 385 mm per i WC e fino a 370 mm in altezza per i bidet), coprendo quasi ogni configurazione idraulica esistente.

Installazione Facilitata: Grazie alle schede tecniche dettagliate e alla flessibilità delle curve tecniche l'installatore può gestire con facilità distanze variabili, riducendo i tempi di cantiere.

Trasformiamo i vincoli architettonici in opportunità di design.

Renewing your bathroom space has never been so simple and refined. Thanks to the new floor-standing Offset and Adaptable WCs and bidets, replacing old sanitaryware becomes an immediate and versatile operation. Our cutting-edge design, combined with flexible drainage systems, allows millimetre-precise adaptation to existing plumbing, whether the outlet is floor-mounted or wall-mounted.

The "offset" design enables an extremely clean flush-to-wall installation, eliminating visual clutter and delivering a modern, contemporary aesthetic—ideal for anyone seeking functional excellence without compromising on style.

Ergonomics and Technical Precision

Our products are not only adaptable, but designed for everyday wellbeing:

Maximum adaptability: Offset WC systems and universal bidets offer exceptionally wide installation ranges (up to 385 mm for WCs and up to 370 mm in height for bidets), covering almost any existing plumbing configuration.

Easier installation: Thanks to detailed technical sheets and the flexibility of the technical bends, the installer can easily handle variable distances, reducing installation time on site.

We turn architectural constraints into design opportunities.

GENERAL SALES CONDITIONS

01) DELIVERY. Goods are sold ex factory.

The supplying company "Scarabeo Ceramiche S.r.l." reserves the right to despatch an order in more than one delivery depending on the actual product availability in their warehouses. Should the packages not be intact upon arrival, it is the Client's duty to report this on the delivery note and to inform the supplying company within 5 days of delivery of the goods.

02) ORDER ACCEPTANCE.

Orders issued to our area agents, even when undersigned, are understood to be subject to acceptance by "Scarabeo Ceramiche S.r.l.".

03) LIABILITY. The supplying company, subject to authorisation, shall accept only those returned goods recognised as faulty due to manufacturing defects and shall credit the amount of the returned goods minus transport costs to the Client, or shall reserve the right to replace the faulty goods returned. Any other actions, refund or compensation whatsoever for indirect and direct damages caused by the installation of the faulty goods remains excluded.

04) DELIVERY TERMS. The date is purely indicative and is not binding. Deliveries will be programmed taking into consideration the requirements of our Clients, it being understood that the supplying company reserves the right to change the delivery programme. Any liability whatsoever on the part of the supplying company for delivery delays or missed deliveries remains excluded, whatever the cause may be.

05) PAYMENTS. The terms of payment are those indicated on the order confirmation. The supplier company reserves the right to suspend or cancel

a supply if the payments are not made according to the due dates and in the methods agreed. Payments are considered as made by the Customer only at the moment when the relative sum has been credited into the current account of the supplier company. Disputes of any nature will not give the Customer the right to suspend current payments. Orders for a taxable value under Euro 250.00 will be shipped cash on delivery, or with payment beforehand.

06) ASSIGNMENT OF CREDIT.

Scarabeo Ceramiche srl may assign or transfer, in full or in part, the credit resulting from the supplies made, without the Customer's prior consent.

07) PACKAGING. Packaging is carried out using standard packaging (pallets, boxes, etc.) and specific type of packaging used shall be noted on the individual order confirmations. The cost is payable by the Client (5% increase pallets - boxes).

08) COMPLAINTS. Each consignment is understood to be accepted after eight days have passed from receipt of good. Without any complaint having been lodged.

09) CODE NUMBERS.

Products must be ordered by their identification code number.

10) TECHNICAL FEATURES.

"Scarabeo Ceramiche S.r.l." reserves the right to modify the technical features of the products at any time in order to improve the product itself, or to interrupt productions of models at any time whatsoever without giving any prior notice.

11) LEGAL RESIDENCE. For any controversy whatsoever between "Scarabeo Ceramiche S.r.l." and the customer, the Court of Viterbo is and always will be the only

place of jurisdiction.

12) E-COMMERCE.

In order to safeguard our brand and commercial policies, subjects who intend selling our product via the Internet (e-commerce) must observe the following rules:

a) A written application indicating the intention to sell via the Internet (e-commerce) must be submitted, specifying:

1) Company name (if different)
2) Name of the website, address, certified e-mail (PEC), contact person

CONDITIONS GENERALES DE VENTE

01) LIVRAISONS. Les marchandises sont vendues depart l'usine. Le fournisseur "Scarabeo Ceramiche S.r.l." se réserve le droit d'envoyer une commande en sus d'une livraison en fonction de la disponibilité du produit. Si les colis sont endommagés à la réception, le Client en fera mention sur le bordereau de livraison et en informera le fournisseur dans les cinq jours à compter de la livraison des marchandises.

02) ACCEPTATION DES COMMANDES. Les commandes émises à l'attention de nos intermédiaires locaux, même si elles sont dûment signées, devront au préalable être acceptées par "Scarabeo Ceramiche S.r.l".

03) RESPONSABILITES. Le fournisseur, moyennant autorisation préalable, acceptera uniquement les renvois de marchandises jugées défectueuses en raison de défaut de fabrication. La société veillera à rembourser au Client le prix des marchandises renvoyées à l'exception des frais de renvoi ou procédera à l'échange des produits défectueux. Toute autre disposition, indemnité ou tout autre dédommagement pour les dommages directs et indirects causés par l'installation des marchandises défectueuses sont exclus.

04) DELAIS DE LIVRAISON. La date est purement indicative et n'est pas contractuelle. Les livraisons seront programmées en fonction des exigences de nos Clients sans préjudice du fait que le fournisseur se réserve le droit de modifier le programme des livraisons. Le fournisseur décline toute responsabilité en cas de retard ou d'absence de livraison quelle qu'en soit la cause.

05) PAIEMENTS. Les délais de paiement figurent sur la confirmation de commande. Le fournisseur se réserve le droit de suspendre ou annuler la livraison au cas où les paiements ne seraient pas effectués avant la date d'échéance de la facture et selon les méthodes convenues. Les paiements seront réputés effectués par le Client exclusivement à partir du moment où le montant correspondant sera crédité sur le compte du fournisseur.

Les litiges quels qu'ils soient ne confèrent en aucun cas au Client le droit de suspendre les paiements échus. Les commandes d'une valeur imposable inférieure à 250,00 EUR seront envoyées moyennant paiement à la livraison ou après réception du paiement.

06) CESSIION DE CREDIT. Scarabeo Ceramiche srl se réserve le droit de céder ou transférer, intégralement ou en partie, les crédits dérivant des livraisons effectuées sans accord préalable du Client.

07) CONDITIONNEMENT. L'emballage peut être effectué à l'aide de moyens traditionnels (palettes, boîtes, etc.). Les emballages spécifiques éventuellement utilisés seront mentionnés sur la confirmation de la commande. Les frais sont à charge du Client (augmentation de 5 % pour palettes - boîtes).

08) RECLAMATIONS. Les lots seront réputés acceptés si aucune réclamation n'est envoyée dans les huit jours suivant la réception des marchandises.

09) NUMEROS DE CODE. Les produits doivent être classés en fonction de leur code d'identification.

10) CARACTERISTIQUES TECHNIQUES. "Scarabeo Ceramiche S.r.l." se réserve

le droit de modifier les caractéristiques techniques des produits à tout moment en vue d'améliorer les produits en question ou d'interrompre la production des modèles à tout moment et sans préavis.

ALLGEMEINE VERKAUFSBEDINGUNGEN

01) LIEFERUNGEN. Die Waren werden frei Werk verkauft. Die Lieferfirma "Scarabeo Ceramiche S.r.l." behält sich das Recht vor, gegebenenfalls eine Bestellung in mehreren Lieferungen zu verschicken, je nach der Verfügbarkeit des Produkts im Lager. Falls die Frachstücke bei ihrer Ankunft nicht unversehrt sein sollten, muss der Kunde dies auf dem Lieferschein vermerken und die Lieferfirma innerhalb von 5 Tagen ab Warenerhalt benachrichtigen.

02) ANNAHME DER BESTELLUNGEN. Die von unseren Gebietsvertretern angenommenen Bestellungen müssen, auch wenn sie unterzeichnet sind, auf jeden Fall von der Gesellschaft "Scarabeo Ceramiche S.r.l." bestätigt werden.

03) HAFTUNG. Die Lieferfirma nimmt nach vorheriger Genehmigung ausschließlich jene Retourwaren an, die aufgrund von Herstellungsfehlern als fehlerhaft anerkannt werden. Anschließend stellt sie dem Kunden eine Gutschrift mit dem Betrag der Retourware, abzüglich Transportkosten, aus bzw. behält es sich vor, die fehlerhafte Ware zu ersetzen. Jede andere Maßnahme, Entschädigung oder Schadensersatz für direkte oder indirekte Schäden, die durch den Einbau fehlerhafter Ware hervorgerufen wird, ist ausgeschlossen.

04) LIEFERFRISTEN. Das Datum ist als ungefähres Datum anzusehen und somit nicht bindend. Die Lieferungen werden unter Berücksichtigung der Erfordernisse unserer Kunden geplant, wobei sich die Lieferfirma Planungsänderungen vorbehält. Jede Haftung seitens der Lieferfirma für verspätete oder verhinderte Auslieferung ist ausgeschlossen, unabhängig von der Ursache.

05) ZAHLUNGEN Die Zahlungsfristen sind auf der Bestellbestätigung angegeben. Der Lieferant behält sich das Recht vor, Lieferungen zu unterbrechen oder zu stornieren, falls die Zahlungen nicht zu den Fälligkeitsterminen und mit den vereinbarten Modalitäten eingehen. Zahlungen des Kunden gelten erst als geleistet, nachdem der entsprechende Betrag auf dem Girokonto des Lieferanten eingegangen ist. Eventuelle Kontroversen beliebiger Art geben dem Kunden nicht das Recht, laufende Zahlungen einzustellen. Bestellungen mit einem Nettowert unter 250,00 Euro können per Nachnahme oder im Voraus bezahlt werden.

06) FORDERUNGSABTRETUNG Scarabeo Ceramiche Srl hat das Recht, Forderungen aus erfolgten Lieferungen ohne vorherige Zustimmung des Kunden vollständig oder teilweise abzutreten.

07) VERPACKUNG. Die Verpackung erfolgt mit traditionellen Verpackungsmitteln (Paletten, Schachteln usw.); falls spezifische Verpackungen benutzt werden, sind diese auf den einzelnen Auftragsbestätigungen angegeben. Die Kosten gehen zu Lasten des Kunden (5 % Erhöhung für Paletten und Schachteln).

08) MÄNGELRÜGEN. Jeder Posten gilt als angenommen, wenn innerhalb von acht Tagen ab Erhalt der Ware keine Mängelrüge vorgebracht wird.

09) CODENUMMERN. Die Produkte müssen mit der Nummer ihres Identifikationscodes bestellt werden.

10) TECHNISCHE PRODUKTEIGENSCHAFTEN. Die Gesellschaft "Scarabeo Ceramiche S.r.l." behält es

sich vor, die technischen Produkteigenschaften jederzeit zum Zweck der Produktverbesserung zu verändern, bzw. die Produktion der Modelle jederzeit und ohne Vorankündigung einzustellen.

11) GERICHTSSTAND. Für jede Streitigkeit zwischen der "Scarabeo Ceramiche S.r.l." und dem Kunden ist allein das Gericht Viterbo zuständig.

12) E-COMMERCE. Zum Schutz unseres Markenzeichens und unserer Handelspolitik müssen alle, die beabsichtigen, unsere Produkte über Internet (e-commerce) zu verkaufen, die folgenden Bestimmungen unbedingt beachten:

- a) Bitte stellen Sie einen schriftlichen Antrag auf Online-Verkauf (E-Commerce) mit folgenden Angaben:
 - 1) Unternehmensbezeichnung, sofern abweichend
 - 2) Name der Website, Postadresse, zertifizierte E-Mail-Adresse, Ansprechpartner
 - 3) Handelsregistrauszug als Anhang
- b) Nach der internen Prüfung stellt die Scarabeo Ceramiche Srl eine schriftliche Genehmigung aus.
- c) Die Genehmigung der Scarabeo Ceramiche Srl gilt ausschließlich für die im Antrag genannten Aktivitäten. Für verknüpfte und/oder weitere Websites muss ein neuer Antrag gestellt werden.
- d) Es dürfen ausschließlich Abbildungen aus unseren offiziellen Produktkatalogen verwendet werden. Die Nutzung von Fotos muss außerdem von der Scarabeo Ceramiche Srl genehmigt werden.
- e) Die Nichtbeachtung der Vereinbarungen führt zum sofortigen Lieferstopp ohne vorherige Ankündigung durch Scarabeo Ceramiche srl.

Diese Preisliste ersetzt jede vorherige Preisliste.

Die in dieser Preisliste angeführten Abmessungen und Gewichte sind als ungefähre Angaben anzusehen.

CONDICIONES GENERALES DE VENTA

01) ENTREGA. Los productos se entregan franco fábrica. La empresa proveedora "Scarabeo Ceramiche S.r.l." se reserva el derecho completar un pedido en varias entregas conforme las existencias en su almacén. Si en el momento de recibir el pedido los bultos no estuvieran intactos, el cliente anotará el hecho en los documentos de entrega y lo comunicará a la empresa vendedora antes de transcurridos 5 días desde la fecha de entrega.

02) ACEPTACIÓN DE PEDIDOS. Los pedidos formulados a nuestros agentes de zona, aunque estén firmados, están sujetos a la aceptación por parte de "Scarabeo Ceramiche S.r.l.".

03) RESPONSABILIDAD. La empresa proveedora, una vez dada la autorización, aceptará únicamente la devolución de aquellos artículos en que se hayan comprobado defectos de fabricación; acreditará al cliente el importe de la devolución menos los gastos de transporte o, en su lugar, se reserva el derecho de reemplazar los artículos defectuosos. Queda excluida toda otra acción, indemnización o resarcimiento por daños directos o indirectos provocados por la instalación de productos defectuosos.

04) TÉRMINOS DE ENTREGA. La fecha es meramente indicativa y no constituye un vínculo. Las entregas se programarán según las necesidades de nuestros clientes, sin perjuicio del derecho de la empresa proveedora de modificar la programación de las entregas. La empresa proveedora declina toda responsabilidad por retardos en las entregas o por entregas no efectuadas, cualquiera sea la causa.

05) PAGOS. Las condiciones de pago se indican en la confirmación del pedido. El proveedor se reserva el

derecho de interrumpir o anular un suministro si los pagos no se efectúan dentro de los plazos y con los métodos acordados. Los pagos se considerarán efectuados por el Cliente sólo en el momento en que el importe se acredite en la cuenta corriente del proveedor. Eventuales controversias de cualquier naturaleza no darán al Cliente derecho a interrumpir los pagos en curso. Los pedidos de un valor imponible inferior a 250,00 euros serán enviados con pago contra entrega, o previo pago anticipado.

06) CESIÓN DEL CRÉDITO. Scarabeo Ceramiche srl podrá ceder o transferir total o parcialmente los créditos derivados de los suministros efectuados, sin el consentimiento del Cliente.

07) EMBALAJE. Para el envío de los productos se utilizarán embalajes estándar (palés, cajas u otros); en caso de utilizarse embalajes específicos, esto se anotará en el pedido en firme. El coste corre por cuenta del cliente (aumento del 5% palés, cajas).

08) RECLAMACIONES. Transcurridos ocho días desde la recepción de un pedido sin que se hayan presentado reclamaciones, la mercadería se considerará aceptada.

09) NÚMEROS DE CÓDIGO. Los productos se pedirán según el número del código que los identifica.

10) CARACTERÍSTICAS TÉCNICAS. "Scarabeo Ceramiche S.r.l." se reserva el derecho de modificar en cualquier momento y sin aviso previo las características técnicas de los productos, con la finalidad de mejorarlos o de interrumpir la producción de modelos.

11) FUERO COMPETENTE. Ante cualquier controversia que

puediera surgir entre "Scarabeo Ceramiche S.r.l." y el cliente, el único fuero competente presente y futuro es únicamente el tribunal de Viterbo.

12) COMERCIO ELECTRÓNICO. En defensa de la marca y de nuestras políticas comerciales, para quienes tengan la intención de realizar ventas por Internet (comercio electrónico) de nuestro producto, es absolutamente necesario atenerse a las siguientes disposiciones:

a) Necesidad de recibir solicitud escrita de la intención de efectuar ventas por Internet (comercio electrónico) especificando:

1) Razón social, si es diferente

2) Nombre del sitio, dirección, correo electrónico certificado, interlocutor

3) Adjuntar visorio de la Cámara de Comercio

b) Después de una evaluación interna, Scarabeo Ceramiche srl emitirá la autorización por escrito.

c) La autorización de Scarabeo Ceramiche srl concierne sola y exclusivamente al sitio indicado en la solicitud. Para sitios asociados o nuevos es necesario repetir el procedimiento.

d) Podrán utilizarse sólo imágenes extraídas de nuestros catálogos oficiales; el uso de imágenes deberá estar autorizado por Scarabeo Ceramiche srl.

e) El incumplimiento de los acuerdos implicará la inmediata interrupción de todo tipo de suministro, sin necesidad de preaviso por parte de Scarabeo Ceramiche srl.

Esta lista de precios anula toda otra lista de precios anterior.

Las medidas y pesos indicados en esta lista de precios son aproximados.

ОБЩИЕ УСЛОВИЯ ПРОДАЖИ

01) НДС. Предполагается, что все цены, представленные в настоящем прайс-листе, не включают НДС.

02) ПОСТАВКИ. Продажа товаров осуществляется на условиях «франко-завод». Компания-поставщик Scarabeo Ceramiche S.r.l. оставляет за собой право отгружать товар по одному заказу за несколько поставок, в зависимости от наличия продукции на складе. В случае если грузы на момент прибытия имеют нарушения целостности, Клиент должен сделать об этом запись в транспортной накладной и информировать компанию-поставщика в течение 5 дней с момента получения груза.

03) ПРИЕМКА ЗАКАЗОВ. Заказы, сделанные нашими региональными агентами, даже в случае их подписания, должны в любом случае подвергаться приемке со стороны Scarabeo Ceramiche S.r.l.

04) ОТВЕТСТВЕННОСТЬ. Компания-поставщик, после соответствующего утверждения, принимает исключительно те возвраты, которые будут признаны дефектными по причине нарушения технологического процесса, и примет меры по перечислению на счет Клиента суммы возврата за вычетом затрат на транспортировку, либо оставит за собой право на замену дефектных возвращенных изделий. Любые другие меры, возмещение убытков или компенсации в связи с прямым или косвенным ущербом, понесенным в результате установки дефектных товарных единиц, — исключаются.

05) УСЛОВИЯ ПОСТАВКИ. Дата поставки, указанная в подтверждении заказа, считается чисто индикативной и не является обязательной. Поставки будут планироваться, исходя из требований наших Клиентов, при условии, что компания-поставщик оставляет за собой право на внесение изменений в запланированные поставки. Исключается какая бы то ни было ответственность со

стороны компании-поставщика за невыполнение сроков поставки или за недопоставку вне зависимости от причин.

6) ПЛАТЕЖИ. Условия оплаты будут такими, как указано в подтверждении заказа. Компания-поставщик сохраняет за собой право приостановить или отменить поставку, если оплата не совершена в установленный срок и согласованным способом. Платежи считаются произведенными Клиентом только в тот момент, когда соответствующая сумма зачислена на расчетный счет компании-поставщика. Споры какого бы то ни было характера не дают Клиенту права приостанавливать текущие платежи. Заказы налогооблагаемой стоимостью меньше 250,00 евро отправляются на условиях оплаты наложенным платежом или предоплаты.

7) УСТУПКА ПРАВА ТРЕБОВАНИЯ. Компания Scarabeo Ceramiche srl имеет право полностью или частично уступить или передавать права требования, возникшие в связи с выполненными поставками, без предварительного согласия Клиента.

08) УПАКОВКА. Упаковка должна осуществляться с использованием стандартных средств упаковки (паллеты, ящики и т. д.), а специальные средства, которые используются в определенных случаях, должны указываться в отдельных подтверждениях заказов. Затраты берет на себя Клиент.

09) РЕКЛАМАЦИИ. Любая партия будет считаться принятой по прошествии восьми дней с момента получения товара, если не имели место какие-либо рекламации.

10) КОДОВЫЕ НОМЕРА. Изделия должны заказываться с использованием идентифицирующих их кодовых номеров.

11) ТЕХНИЧЕСКИЕ

ХАРАКТЕРИСТИКИ. Компания Scarabeo Ceramiche S.r.l. оставляет за собой право на внесение в любое время изменений в технические характеристики продукции, направленных на ее улучшение, либо на приостановку выпуска моделей в любое время без предварительного извещения.

12) КОМПЕТЕНТНЫЙ СУД. В случае возникновения споров между Scarabeo Ceramiche S.r.l. и Клиентом, единственным компетентным судом является и всегда будет являться суд города Витербо.

13) ПРОДАЖИ ЧЕРЕЗ СЕТЬ ИНТЕРНЕТ (E-COMMERCE)

С целью защиты товарного знака и наших политик в коммерческой сфере обязательным условием для тех, кто намеревается осуществлять продажи нашей продукции в сети Интернет (e-commerce), является выполнение следующих положений: а) Предоставить письменный запрос о намерении осуществлять продажи через сеть Интернет (e-commerce), указав в нем следующую информацию: 1) Название компании, если отличается. 2) Название сайта, адрес, сертифицированная электронная почта, контактное лицо. 3) Прикрепить выписку из торгового реестра. б) После анализа документов компания Scarabeo Ceramiche srl предоставит письменное разрешение. в) Разрешение, предоставленное Scarabeo Ceramiche srl, действительно только и исключительно для сайта, указанного в запросе. Для новых и/или аффилированных сайтов требуется повторить процедуру. г) Разрешается использовать только изображения, полученные из наших официальных каталогов. Для использования изображений необходимо получить разрешение компании Scarabeo Ceramiche srl. е) Нарушение согласованных положений повлечет за собой немедленное прекращение всяких поставок без необходимости каких-либо предварительных уведомлений со стороны Scarabeo Ceramiche srl.

Настоящий прайс-лист заменяет собой все другие прайс-листы, выпущенные ранее. Размеры и веса, указанные в настоящем прайс-листе, являются приблизительными.
