Collection 2025

Jacuzzi®

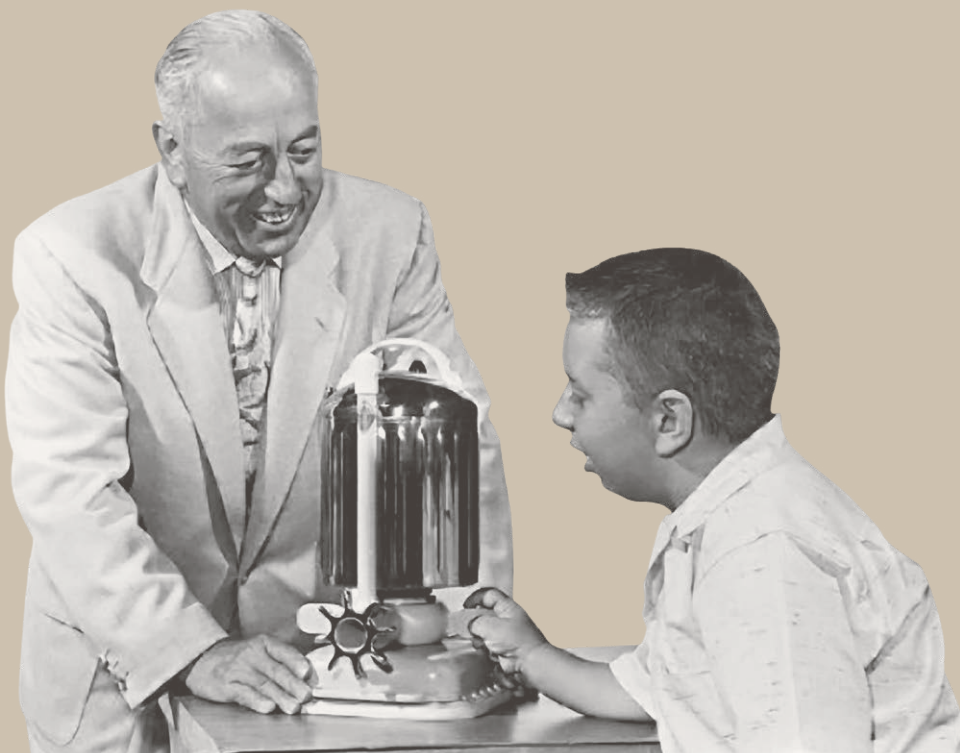

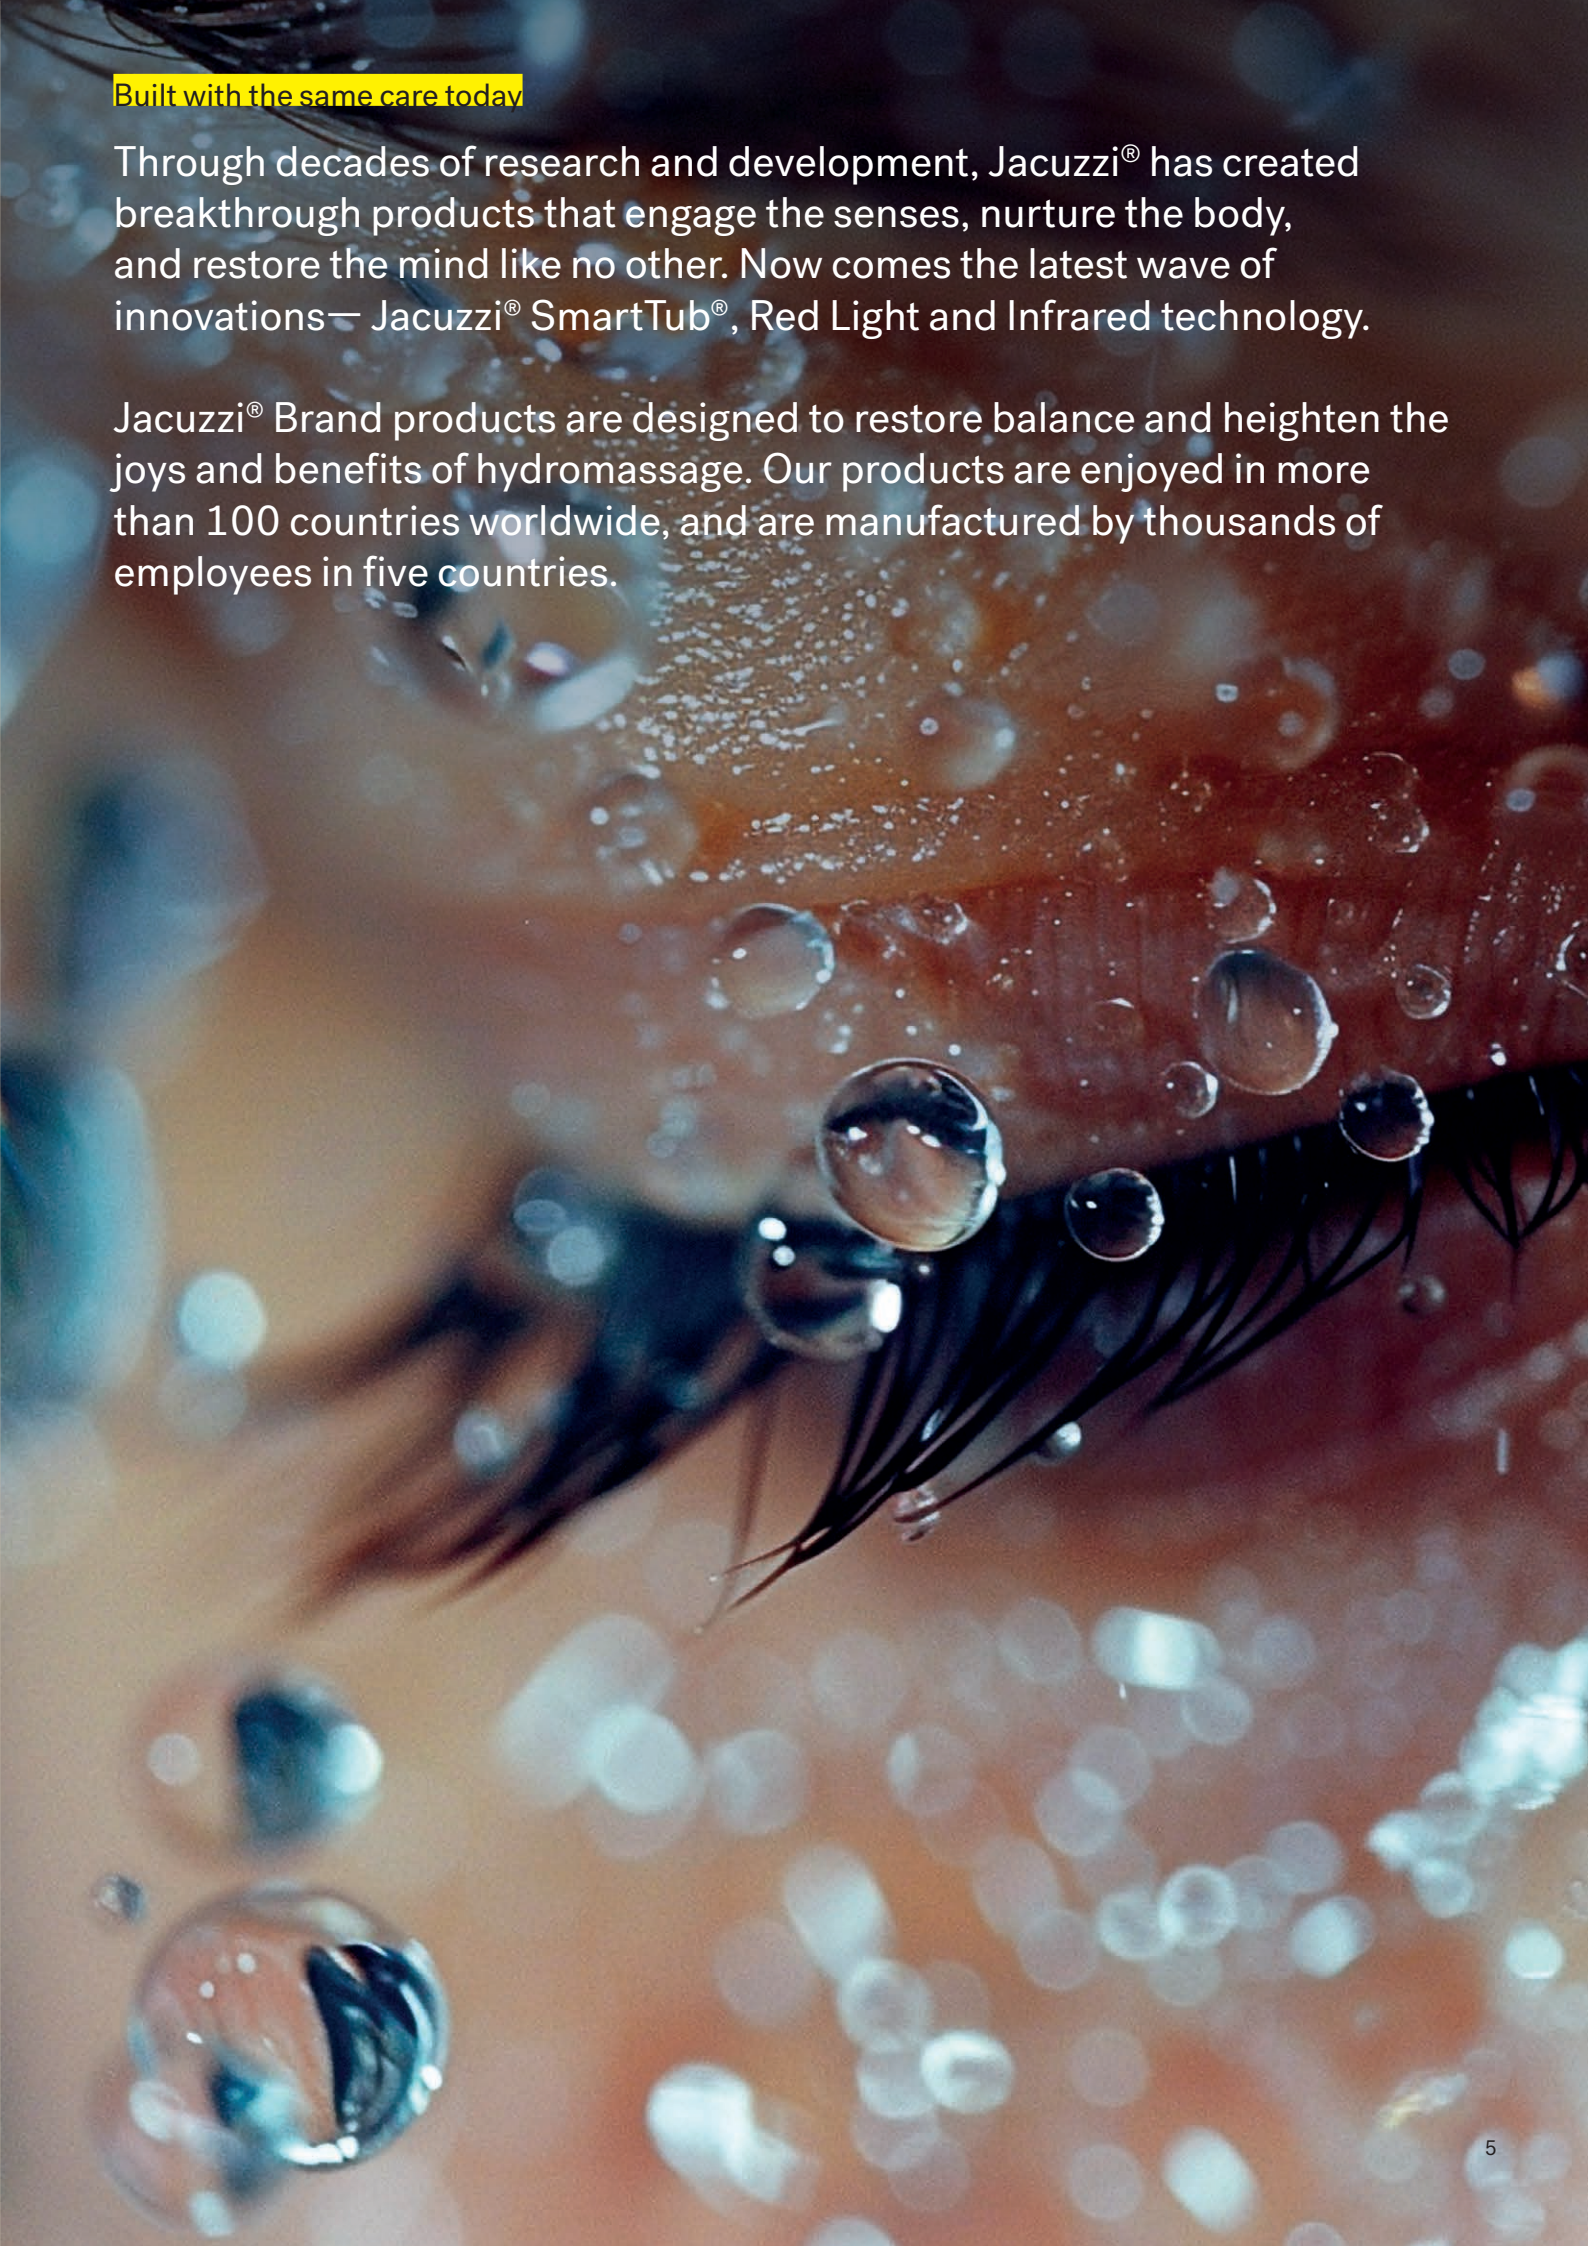

The most
extraordinary
pause in
the world.

Innovation born out of love

When Ken Jacuzzi, age 2, was diagnosed with rheumatoid arthritis, his father invented the world's first at-home pump to provide pain-relieving hydromassage.

From that moment forward, Jacuzzi® has introduced the power of hot, bubbly water into millions of homes around the world.

Built with the same care today

Through decades of research and development, Jacuzzi® has created breakthrough products that engage the senses, nurture the body, and restore the mind like no other. Now comes the latest wave of innovations— Jacuzzi® SmartTub®, Red Light and Infrared technology.

Jacuzzi® Brand products are designed to restore balance and heighten the joys and benefits of hydromassage. Our products are enjoyed in more than 100 countries worldwide, and are manufactured by thousands of employees in five countries.

Behind this extraordinary pause is the Jacuzzi® hydromassage, a distinctive and unrivaled experience. Heat, buoyancy and optimal massage all come together for your relaxation, joy and well-being.

Heat

Dilates blood vessels to increase blood flow, delivering more oxygen to the muscles.

Buoyancy

Creates weightlessness and 360 degrees of support, relieving pressure on joints, muscles, and nerves.

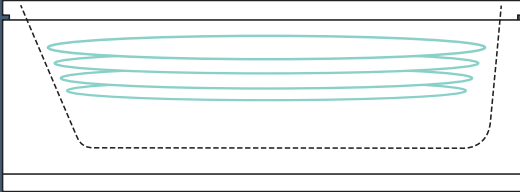

Optimal Massage

Boosts circulation and releases endorphins, providing relaxation from head to toe.

Find the wellness ideal for the relaxation you are looking

SWIRLPOOL® BATHS

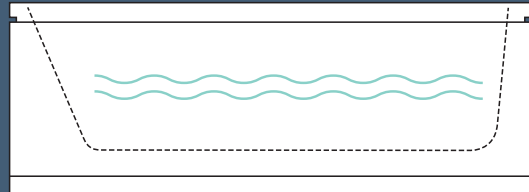

The whirlpool effect is inspired by the movement of water from eddies found in rivers and streams.

J-QUIET™ BATHS

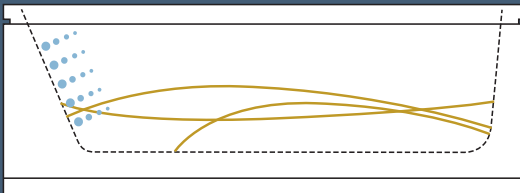

new

With slim, invisible jets that gently massage the body for complete regeneration and creates a peaceful environment.

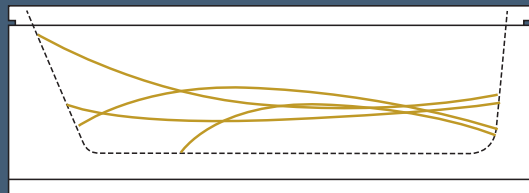

J-SHIATSU BATHS

A series of relaxing jets, working along the back, provide a relaxing, invigorating and pain-relieving massage.

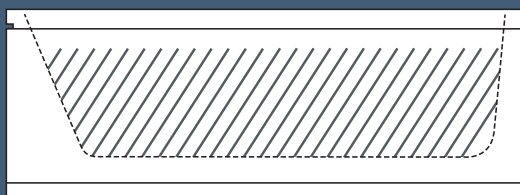

WHIRLPOOL BATHS

The whirlpool tub, powered by the legendary Jacuzzi® jet system, provides bathers with an invigorating and therapeutic massage.

LOUNGE BATHS

For sitting, stretching, reading and relaxing, a soaking bath is a simple, tranquil pleasure.

Heavy duty. light touch

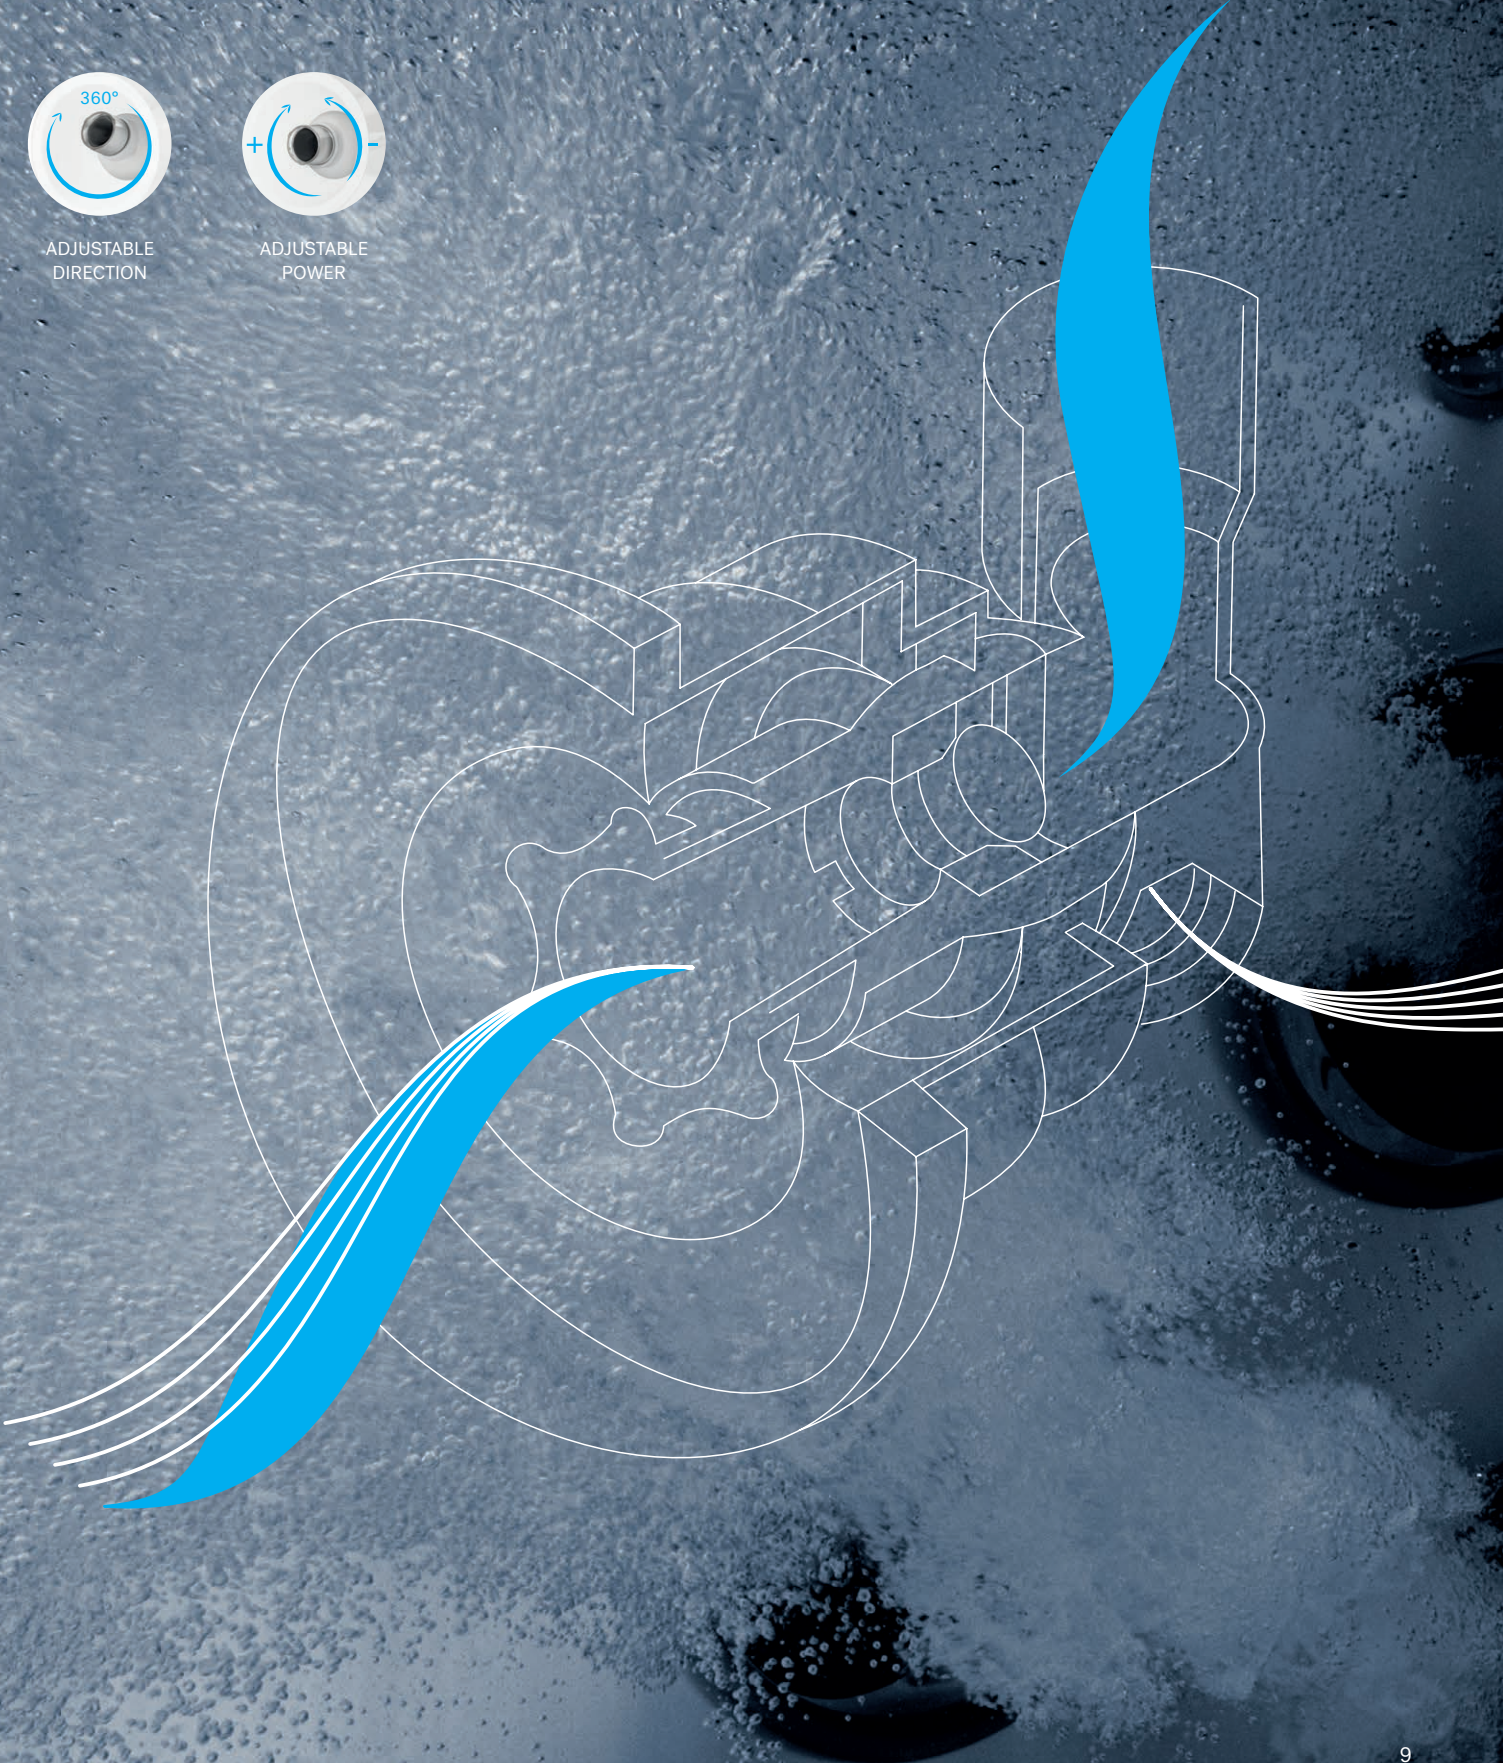

The TargetPro™ jets for instance, developed to deliver a targeted massage to each body area thanks to a perfect mixture of air and water. Both their power and direction can be fully adjusted for an effective massage, no matter what your requirements may be.

ADJUSTABLE
DIRECTION

ADJUSTABLE
POWER

Jacuzzi® Swirlpool® baths

The ARGA® design is fluid and minimal to complement the gentle, soft and enveloping Swirlpool® bathing experience. Different styles and installations offer adaptability. The design offers a warm, oval, reassuring shape - an ancestral nest, of sorts - born to eliminate the perception of time and lull the bather with swirls of water and integrated jet lighting.

The most exclusive wellness experience

Innovative Swirlpool® technology brings the bathing experience to a whole new level: an intimate embrace, a silent moment of peace, just like an immersion in the calmness of a stream. Thanks to the delicate and silent swirls created by colourful jets of water and the constant temperature of the bath water, bathing in ARGA® becomes a multi-sensory and fully immersive experience.

Silent Technology

J-Quiet™ bathtubs include the exclusive silent Whisper+ Technology™ that keeps the water at the right temperature, and the new laminar jets, integrated and arranged along the sides and in the foot area, lap, wrap and caress the body with an adjustable flow of water.

Minimalist design

The collection's exclusive laminar jets and highly visible touch controls meet the versatility and effectiveness of Jacuzzi® hydrotherapy in the new J-Quiet™ system. The multi-coloured LED underwater Rainbow lighting creates a warm, soft atmosphere, with a courtesy light function when the tub is empty.

Vis 170 and Vis 180

The new acrylic tubs with a seamless edge and low weight. The rounded base and vertical walls make them ideal for wall positioning; spacious and roomy, the tub interior is shaped with a double symmetrical backrest.

Warm and pleasant to the touch, Vis is made with a double shell that allows the water temperature in the tub to be maintained for longer.

Anafi

A subtle island of relaxation where you can take refuge and release all tension, thanks to the comfort of the lounge seat. Available in gloss and satin white versions, it offers a delicate, modern line, suitable for every setting.

Chic

Is the smallest free-standing bathtub in the Lounge range, perfect for timeless installations in settings where space is limited. Available in white gloss, white satin and black satin versions, its oval shape makes it perfect for installation in small spaces.

Desire

Is the largest free-standing bathtub in the Lounge range: its ovoid shape and generous, accommodating dimensions guarantee a gratifying bathing experience. The shape of its internal profile incorporates a sinuous and ergonomic backrest to comfortably accommodate bodies of all sizes and offer hours and hours of pure relaxation.

Desire

Moorea

Is the only free-standing bathtub in the Jacuzzi® Lounge range made of Techstone®, a reliable and long-lasting material for premium solutions. Its surface is velvety smooth and soft to the touch, offering a relaxing experience that involves all the senses, even before you sink into the water.

Moorea

Dalma

Is the bathtub with sinuous lines that offers surprising comfort even in the smallest of spaces. Available in left corner, right corner and centre wall versions, it comes in gloss or satin white finishes to offer a linear yet highly personal design, despite its small size.

Shower and Steam bath Jacuzzi®

There are all sorts of showers but those produced by Jacuzzi® can easily be summed up in two words: wellness centre. The adjustable jets, that can be directed to any body area, deliver the benefits of an authentic, relaxing and regenerating treatment for the mind and body. Jacuzzi® hydrotherapy has been designed to satisfy all your requirements: it firms the skin and keeps it supple, promotes proper blood circulation and even fights cellulite.
